**CW340-2024**

That the report from Allyson Sander, Strategic Leader, Project Management, Legislative Services, to the Committee of Council Meeting of September 18, 2024, re: **Residential Rental Licensing (RRL) Pilot Program Implementation Update - Wards 1, 3, 4, 5 and 7**, be received; and

Whereas the City of Brampton has and continues to do our part to embrace growth and provincial and federal direction to support ARUs, the city is now feeling the unintended consequences associated with this unprecedented growth and needs our fair share of funding to support proactive enforcement and RRL programs;

That the City advocate to the provincial government to help fund programs like Brampton's RRL whereby its costs are directly related to growth by helping to track, regulate and prioritize the safe development of ARUs to address the housing crisis; and that a consolidated package be prepared including advocacy and actions undertaken by the City in other related areas; and

That a framework (including community engagement and public consultation) be constructed for the integration of Wards 2 & 6 and Ward 8 to be taken into the RRL program, commencing with Pillar 1, and that the Ward Councillors be consulted prior to further activation.

**CW341-2024**

1. That the report from Farhad Habibi, Chief Building Official and Director of Building, Planning, Building and Growth Management, to the Committee of Council Meeting of September 18, 2024 re: **Addressing Unqualified Contractors and Repeat Inspections (RM 27/2024)**, be received;

2. That staff be directed to implement the surcharge fee as prescribed in the City's Building By-law for any recall of the same inspection process after the second failed inspection;

3. That the Education and Awareness provisions described in this report be implemented by Q1 2025;

4. That staff be directed to continue to advocate and collaborate with the Ontario Contractors Association to address concerns about unqualified contractors to enforce the Business Licensing By-law for contractors in ARU construction; and,

5. That staff be directed to report back on the efficacy of these recommendations in Q3 2025.

**CW342-2024**

That the report from Peter Bryson, Manager, Enforcement and Bylaw Services, Legislative Services, to the Committee of Council Meeting of September 18, 2024, re: **Review of Public Nuisance By-Law 136-2018 in Respect to Car Rallies (RM 49/2024)**, be **referred** back to staff to report back to the September 25, 2024 meeting of Council with increased fines related to car rallies which are similar to the City of Vaughan. (Note: Brampton's fines related to noise, et cetera, at car rallies are currently lower than those in Vaughan).

**CW343-2024**

Whereas:

1. The RRL is in place to address non-compliant property, parking, and health and safety standards of registered and unregistered ARU properties which are negatively impacting quality of life and overall safety of residents; and
2. The City ongoingly receives thousands of complaints and evidence of overcrowding and excessive subletting of rental units within registered and unregistered ARUs which may or may not be licensed through RRL; and
3. The City currently does not have by-laws in place to control overcrowding and excessive subletting; and
4. The Residential Tenancies Act allows landlords to reasonably deny tenants from subletting based on property capacity and local legislation; and
5. Through ARU registration and RRL, it is possible to track the total number of units per ARU household, and respectively determine safe occupancy numbers for each RRL license held; and
6. The City's comments to the Province on "Bill 185, Cutting Red Tape to Build More Homes Act, 2024" highlighted the need for the Province to consult with municipalities on safety, environmental and community impacts related to the enforcement of ARUs; and
7. The provision of ARUs to address the national housing crisis should be more than simply providing a roof over heads, and needs to focus on the integration of ARUs as part of complete communities; and

8. The province and federal government needs to consider municipal funding programs to help municipalities enforce the proper construction, maintenance and licensing of ARUs; and

9. Currently, the City of Brampton's Official Plan and Zoning By-law 270-2004 only allow Lodging Houses in detached dwelling units within the downtown core and it is illegal to operate an unregistered lodging or group home without a licence or outside this area; and

10. Staff have been directed by resolution CW113-2023 (cl.5) to "Develop a workplan to update Lodging Houses for city-wide Application"; and

11. Supportive Housing (previously known as "Group Homes") are regulated by Supportive Housing Registration By-law 254-2021 and Supportive Housing Residences Type 1 and Type 2 shall not operate in the City unless they are registered as per By-law 254-2021.

Therefore be it resolved that:

1. Staff report back (in Q4), with by-law recommendations that outline occupancy limits within the existing process for ARU registration and Residential Rental Licensing (RRL); and

2. Staff report back with recommendations on how overcrowding and excessive subletting will be identified and tracked, and how occupancy limits will be enforced through the RRL process; and

3. Staff report back on a process to identify and enforce existing legislation regarding illegal lodging and group homes; and

4. The City advocate to the provincial and federal government (with copies to FCM and AMO) for municipal funding programs to help municipalities enforce the proper and safe construction, maintenance and licensing of ARUs that prioritizes safety of residents; and

5. As part of the above advocacy to appropriate provincial and federal Ministers, local MPPs and MPs, this motion be included as an attachment.

**CW344-2024**

**Date:** 2024-10-07

**Subject:** **Information Report – Request for Relief of Fees and Charges Associated with the Construction of the New St. Patrick’s Church**

**Contact:** Haider Hayat, Advisor, Office of the Commissioner, Planning Building & Growth Management

**Report number:** Planning, Bld & Growth Mgt-2024-817

**RECOMMENDATIONS:**

1. That the report from Haider Hayat, Advisor, Office of the Commissioner, Planning Building & Growth Management to the Council Meeting of October 16, 2024, re: **Information Report - Response to Delegation to September 18, 2024, Committee of Council meeting – Information Report – Request for Relief of Fees and Charges Associated with the Construction of the new St. Patrick’s Church**, be received for information.

**OVERVIEW:**

- A delegation was made by Monsignor Owen Keenan, Parish Priest, St. Patrick’s Church at the September 18, 2024, Committee of Council meeting.
- The delegation requested relief of fees and charges associated with the construction of the new St. Patrick’s Church, which is located at 11873 The Gore Road, Brampton.
- Council referred this matter back to staff for investigation and a report back on options for waiving fees or providing support by other means.
- This information report contains additional information to guide Council’s decision and direction on the delegate’s request.

- **Should Council decide to waive Site Plan Application fees and Building Permit fees, this will result in reduced revenue collected by \$127,475 and could put additional pressure on the operating department.**
- **With respect to the Development Charge exemption, the City's practice is to replenish discretionary exemptions through an internal loan over a 10-year period. At the current estimated amount of \$398,898, this would translate to an annual repayment amount of \$51,282 to be collected through an increase in the property tax base. The final DC charge will be determined at the time of submission of the Building Permit Application. Once that has been determined, staff will report back to Council with the final terms of the internal loan.**

## **BACKGROUND:**

St. Patrick's Parish is a place of worship that offers services and support to the vulnerable in the wider community and is a registered charity. St. Patrick's Parish is currently located at 11873 The Gore Road, Brampton, Ontario. The Parish is seeking to construct a new, larger facility to meet current and future community needs.

Monsignor Owen Keenan, Parish Priest, delegated to Committee of Council on September 18, 2024, to seek relief of the fees and charges related to the construction of this facility.

Committee of Council, through motion CW325-2024, referred this request to staff for investigation and directed staff to report back on options for waiving fees or providing support by other means.

## **CURRENT SITUATION:**

### Development Application Fees:

To facilitate the development of the new facility, the Parish has submitted a Site Plan Application. Based on the square footage of the proposed development, the Site Plan Application fees have been calculated to be \$81,828.72.

Section 69(2) of the Planning Act gives Council the authority to reduce the amount of or waive the requirement for the payment of this fee where Council is satisfied that it would be unreasonable to require payment in accordance with the City's fee by-law.

### Building Permit Fees:

The Building Permit Fees to facilitate the construction of the proposed building, based on the submitted Site Plan have been calculated to be \$45,646.53.

### Development Charges:

The estimated Development Charges (DCs) for this facility, based on the Gross Floor Area (GFA) of 2,338.50 square metres amount to \$398,898.11 at current rates. These DCs reflect the City's portion of the charges for the entire proposed GFA, without any allowance for legislatively mandated deductible spaces, or any spaces identified as being used for commercial purposes (e.g. banquet hall, private school, day care facilities etc.) which will be established only upon submission of the building permit application.

Being a discretionary exemption, the amount of forgone DC's must be recouped from the tax base.

### Fee Waivers and Other Options:

Council may consider providing direction to staff to waive the entirety of the fees associated with this development proposal.

Alternatively, Council may also consider a partial reduction or deferral of part or all of the required fees.

## **CORPORATE IMPLICATIONS:**

### **Financial Implications:**

Should Council decide to waive Site Plan Application fees and Building Permit fees, this will result in reduced revenue collected by \$127,475 and could put additional pressure on the operating department.

With respect to the Development Charge exemption, the City's practice is to replenish discretionary exemptions through an internal loan over a 10-year period. At the current estimated amount of \$398,898, this would translate to an annual repayment amount of \$51,282. The final DC charge will be determined at the time of submission of the Building Permit Application. Once that has been determined, staff will report back to Council with the final terms of the internal loan.

### **STRATEGIC FOCUS AREA:**

This report is consistent with the Strategic Focus Area of *Government and Leadership*. Providing information on fee waivers can support Council in making Brampton a more accessible municipality and contributes to service excellence.

## CONCLUSION:

Following consideration of this information, Council would need to pass a motion advising staff on any direction to reduce or waive any of the required fees associated with this proposed development.

**Date:** 2024-09-29

**Subject:** **Purchasing Card Audit 2024 – Issues and Recommendations**

**Contact:** Claire Fang Mu, Director, Internal Audit

**Report number:** CAO's Office-2024-808

**RECOMMENDATIONS:**

1. That the report titled: **Purchasing Card Audit 2024 – Issues and Recommendations**, to the Audit Committee Meeting of October 7, 2024, be received.

**OVERVIEW:**

- The report highlights audit issues related to the Purchasing Card (P-Card) Program management.
- The overall issues identified in the audit was rated as **“Immediate Action Required.”**
- See **Appendix 1** and **Appendix 2** for the criteria for rating findings and audit report rating.

Process	Finding	Rating
A. P-Card transactions lack adequate supporting documentation, approval and effective monitoring	1. We reviewed a sample of 120 transactions and noted issues such as missing itemized receipts and attendee lists for food-related expenses. This lack of documentation weakens the ability to review and approve transactions according to City directives. 2. Additionally, post-transaction monitoring was ineffective.	P1
B. Food and gift policies lack clarity	The audit identified gaps in the policies regarding food and gift-related expenses. The	P1

and specific guidelines	absence of specific guidelines and clarity has resulted in inconsistent application and justification of P-Card use for business purposes, leading to unclear or potentially improper spending practices.	
C. Traffic fines inappropriately charged to City P-Cards	Traffic fines were charged to the City's P-Cards and recovery were not pursued since the violations were issued against the Vehicle Registered Owner (the City). Charging traffic tickets to City P-Cards poses financial and reputational risks but also fails to address the underlying safety concerns related to City vehicles violating traffic laws.	
D. Lack of policy for tracking charitable promotional expenses and remittance	P-Cards were used for United Way promotional expenses without ensuring these costs were refunded to City specific accounts due to a policy gap.	
E. Delayed cancellation of P-Cards after employee termination or extended leave	P-Cards were not promptly canceled following employee terminations or extended leaves.	
F. IT equipment purchased bypassing IT approval	P-Cards were used to purchase IT equipment without the knowledge or approval of the IT department.	
These issues are rated as per the criteria described in <b>Appendix 1</b> .		

### Conclusion:

The City's management of the P-Card program requires immediate attention. We recommended that the City:

- a) Strengthen current documentation and compliance,
- b) Improve monitoring practices,
- c) Clarify food and gift policies,
- d) Implement a consistent approach for managing traffic tickets,
- e) Prohibit the use of P-Cards for traffic fines,

- f) Implement a policy for tracking charitable expenses and remittance of net proceeds,
- g) Deactivate P-Cards promptly for employees who no longer require P-Cards,
- h) Monitor IT technology purchases via P-Card.

Implementing the recommendations will strengthen the P-Card program and provide guidelines for food-related and gift purchases.

The overall report rating is determined per the audit report rating criteria explained in **Appendix 2**.

## **7. Government Relations Matters**

### **7.1 Staff Update re: Government Relations Matters**

Andrzej Hoffmann, Manager, Government Relations and Public Liaison, Office of the CAO, provided a presentation, which included information and updates on matters relating to the Regional, Provincial and Federal Governments, and the Federation of Canadian Municipalities (FCM).

Committee discussion took place with respect to the impact of Peel's asylum claimants on homelessness and encampments in Brampton, including associated costs to the City, and the need for funding support from the Federal Government.

The following motion was considered.

## **CW352-2024**

Whereas the growing number of homeless encampments in the City of Brampton is a complex problem that requires collaborative efforts from all levels of government and community partners; and

Whereas encampments and homelessness are on the rise across the country due to a lack of and access to deeply affordable housing options, underfunding of supports for equity seeking populations, and the rising cost of living; and

Whereas the Federation of Canadian Municipalities is calling on all orders of government to develop a comprehensive plan to end chronic homelessness, which clearly lays out roles and responsibilities, presents a timeline with clear milestones, and includes:

- Coordinated investment and policy measures to increase the supply of non-market housing (housing for low- and moderate-income households, often through public or co-op operators) and prevent individuals from becoming homeless.

- New investments in supportive housing to be funded through a Housing First-approach, with cost-sharing between federal, provincial, and territorial governments; and

Whereas the Ontario Big City Mayors Caucus launched the “Solve the Crisis” campaign calling on the Governments of Ontario and Canada to take immediate action to solve the homelessness and mental health crisis gripping our communities; and

Whereas as of October 1st, 2024, the City has had to address approximately 50 (and counting) known active encampment sites throughout Brampton, including those within flood zones, beside playgrounds and splashpads, near schools, and directly adjacent to residential backyards; and

Whereas the City has been working closely with the Region of Peel to support its work in developing an Encampment Policy Framework and Joint Protocols for Peel Region and its Local Municipalities that will be implemented in 2025; and

Whereas a May 2024 report entitled, The Provincial Funding for Social Services in Peel Region, commissioned by the Metamorphosis Network ranked Peel Region as the lowest amongst all of these municipalities when looking at Provincial Support per Capita and General Assistance and Community Support by per Capita of Provincial Support; and

Whereas this funding shortfall impacts services like housing, childcare, schools, seniors’ care, mental health programs and youth programs; and

Whereas the lack of suitable alternative shelter spaces for the encampment residents with Peel Region lacking low barrier shelters for individuals with addictions and other challenges; and

Whereas connecting encampment residents to wraparound services that in turn connect them to the appropriate social service or program is essential to address an individual’s needs; and

Whereas effectively addressing the issue of encampments requires coordination across all levels of government and service providers, there is a need for constant coordination and communication; and

Whereas this year, City of Brampton has increased financial expenditures (approximately \$450,000 and increasing) in response to encampments including staffing costs from Security Services, the Community Safety and Well-Being Office (CSWO), Parks Maintenance and Forestry, Fire and Emergency Services, Animal Services and Legal Services and costs related to park signage, collection of over 44 – twenty cubic yard bins of debris and counting, other materials needed for the response and an external contractor to clean up abandoned and

potentially hazardous sites, while also providing added security during the clean-up events; and

Whereas on September 22, 2024 the Federal Government announced next steps to address homelessness by allocating \$250M, as outlined in Budget 2024, to address the urgent issue of encampments and unsheltered homelessness;

Therefore Be It Resolved That:

1. The Council of the City of Brampton urges the Government of Canada to work with the Province of Ontario and the Region of Peel to allocate adequate funding for the Region, and specifically for Brampton to ensure the City has the necessary resources to continue the work and efforts to address encampments and homelessness locally in our community; and
2. That the Mayor, on behalf of the City Council, will advocate for a fair allocation of the aforementioned federal funding and any matching Provincial contribution for the City of Brampton.

Carried

Further Committee discussion took place with respect to the proposed amendment to Ontario Regulation 299/19 Additional Residential Units, made under the *Planning Act*, and included the following:

- Concerns regarding the impact of the proposed amendment on the City's planning processes and ability to maintain the character of Brampton's mature neighbourhoods
- The need to raise awareness and inform the public of the implications of the proposed legislation
- Lack of consultation by the Province with the City regarding ARUs
- Provincial housing targets
- Number of ARUs in Brampton compared to other municipalities, and the need to advocate for provincial support to manage the impact
- Indication that staff will provide a report to the October 16, 2024 Council meeting regarding the proposed legislation, which will include data relating to ARUs in Brampton

The following motion was considered.
