This delegation was referred to this meeting pursuant to Recommendation CW164-2020.

Mr. Sodhi was not present at this meeting, therefore, Committee acknowledged the subject presentation provided within the agenda package.

6. **Reports/Updates**

- 6.1 Sub-Committee Updates re: **Brampton Community Safety Advisory Committee Worksheets**

The Youth Safety and Education Sub-committee and Priority Neighborhoods Sub-committee provide a brief update regarding projected goals and strategies each will work towards.

The Guns and Gang Violence Sub-committee and Intimate Partner Violence Sub-committee did not provide an update at this time.

The following motion was considered:

BCS002-2021

That the Sub-Committee Updates re: **Brampton Community Safety Advisory Committee Worksheets** to the Brampton Community Safety Advisory Committee Meeting of February 18, 2021, be received.

7. Other/New Business/Information Items

7.1 Discussion at the request of the Brampton Community Safety Advisory Committee - Guns and Gangs Subcommittee, re: Virtual Town Hall To Discuss Gun And Gang Violence

Danielle Dowdy, Committee Member, provided a brief overview of the subject matter and requested feedback on the possibility of holding a virtual tele-town hall regarding Guns and Gang Violence that would provide resources and tools for parents or individuals facing such issues.

Marcia Glasgow, Committee Member, advised the platform would provide a safe space for families and or youth seeking resources and tools needed to cope with their particular situation.

Committee discussion on the matter included:

- Question in relation to whether the sub-committee reached out to Peel Regional Police to inquire about the specifics of this particular form of violence.
- Clarification that research has been undertaken regarding the necessary data on the subject. However, the focus is primarily on families and providing resources, support and tools required with possible town-halls and workshops.
- Suggestion to have the sub-committee work with staff to review the scope and feasibility prior to moving forward with next steps.
- Consensus amongst members that staff work with the sub-committee and report back with an update at the March 25, 2021 meeting.

7.2 Discussion at the request of Andrew de Groot, Member, re: Quorum, Attendance and Committee Makeup

Peter Fay, City Clerk, advised Committee that the current composition of the Committee was 23 members making quorum 12 however, on September 17, 2020 Committee passed a motion requesting Council to consider reducing quorum to 10 to reduce potential difficulties achieving quorum in the future. That motion was considered at Committee of Council on October 7, 2020 and was approved by way of resolution C385-2020 at the October 14, 2020 Council meeting.

Mr. Fay clarified the expectation of members attendance and outlined the stipulations within the procedural by-law outlining that should any member of the Committee fail to attend three consecutive regular meetings the individual can be removed from the Committee as an appointed member and Council will be requested to appoint a new member. Mr. Fay advised that at this time the Clerk's Office is not aware of any members missing three consecutive meetings. Mr. Fay advised that the Citizen Appointments Committee will be scheduling a meeting to address citizen member shortage for all City of Brampton Advisory Committees. Currently this Committee has three vacancies available as three members have resigned from the Committee (Committee acknowledged the resignations on - November 19, 2020). Tammi Jackson, Legislative Coordinator will send correspondence to all members to canvass for continued interest with the Committee.

Ivan Marco Macri, Committee Member, expressed concerns regarding the attendance expectations and introduced the following motion:

That it is the opinion of the BCSAC that a special rule be implemented to adjust the attendance requirements for this Committee such that:

- (a) Any 3 member absences (consecutive or not), or
- (b) Any 3 member absences over 4 consecutive meetings, or
- (c) Any Member absences exceeding at least 50 per cent of the remaining scheduled meetings,

over the remaining term of Council become the basis for removal from the committee.

Committee discussion on the matter included the following:

- Staff expressed concerns regarding the motion being an onerous ask of the Committee and outlined that the Clerk's Office track's attendance and contacts any individual who has missed two consecutive meetings to inquire about the circumstances and remind the member of the attendance rules.
- Questions regarding how attendance and quorum is managed while in a pandemic.
- Concerns expressed that the lack of active participation may not be due to not being interested in participating on the Committee but rather caused by stress, pressures and time constraints due to the pandemic.
- Staff advised that no COVID-19 alternate procedures plan has been put in place pertaining to the procedural by-law rules.

- Staff clarified that there is a lack of communication from Committee members when the Clerk's Office sends correspondence. Correspondence pertaining to Quorum Alerts have become standard as only a small number of members are responding. Staff also advised that the lack of quorum has been an ongoing issue since the beginning of the term and that no definite answer can be given as to why the Committee is having difficulty achieving quorum.

A motion was introduced by Councillor Palleschi to defer the above noted motion until after the COVID-19 pandemic has passed.

BCS003-2021

A recorded vote was requested and the deferral motion carried as follows:

That the following motion be deferred until after the COVID-19 pandemic has passed; and,

That it is the opinion of the BCSAC that a special rule be implemented to adjust the attendance requirements for this Committee such that:

- (a) Any 3 member absences (consecutive or not), or
- (b) Any 3 member absences over 4 consecutive meetings, or
- (c) Any Member absences exceeding at least 50 percent of the remaining scheduled meetings,

over the remaining term of Council become the basis for removal from the committee.

7.3 Discussion at the request of Razmin Said, Advisor, Community Safety, Fire and Emergency Services, re: **Update On The Overall Year, Analysis Of The Worksheet Feedback And Next Steps**

Razmin Said, Manager, Community Safety and Well-Being, Fire and Emergency Services provided an overview of the subject matter and answered questions of clarification from Committee.

The following motion was considered.

BCS004-2021

That the presentation from Razmin Said Advisor, Community Safety, Fire and Emergency Services, to the Brampton Community Safety Advisory Committee meeting of February 18, 2021, re: **Update on the Overall Year, Analysis of the Worksheet Feedback and Next Steps** be received.

Carried

7.4 Discussion re: **Sub-Committee on Road Safety - Interested Members**

Razmin Said, Manager, Community Safety and Well-Being, Fire and Emergency Services provided a brief overview of the subject matter and advised that she only received interest from one member of the sub-committee.

Peter Fay, City Clerk, provided clarification that anyone from the Committee can participate on a subcommittee.

Committee discussion on the matter included the following:

- Suggestion to merge the Road Safety Sub-committee with the Priority Neighborhood Sub-committee.
- Clarification that the motion passed was to establish a separate sub-committee. There was much debate at the last meeting before passing the motion regarding the establishment of a separate sub-committee.
- Staff expressed concerns that the members may be feeling there is no longer a need for the sub-committee.
- Staff provided clarification of the motion that was passed to establish a sub-committee with the addition to three additional members mentioned in the motion.
- Members can be involved with more than one sub-committee.

- The following members will participate in the Road Safety Sub-committee:
Ivan Marco Macri, William Vollmar, Andrew DeGroot, David Colp

Andrew DeGroot, Committee Member, expressed concerns regarding Road Safety within Brampton and put the following motion on the floor.

Whereas the traffic lights on many major roads are timed such that drivers are rewarded for speeding to make the next green light, and,

Whereas timed traffic lights on major roads in Toronto and other cities have proven to reduce overall speed, traffic accidents, and death, and,

Whereas it has been confirmed that technology exists to time the traffic lights to ensure smooth flow traffic and that the pricing of this technology is less than in previous years, and,

Whereas traffic flows more efficiently when right and left turn lanes exist by decreasing throughway flow obstructions, and,

Whereas pedestrian safety increases as people are queued in a turn lane instead of the throughway, and,

Whereas fewer bus routes obstructions occur where turn lanes exist because buses can use the turn lanes at major intersections for their stops, and,

Whereas road safety is a concern for all Brampton residents, and,

Whereas the Williams Parkway expansion has been cancelled,

Therefore it is the opinion of the Brampton Community Safety Advisory Committee that staff be directed to explore timing the traffic lights on Williams Parkway, as a pilot project, and eventually city-wide, such that a driver heading eastbound or westbound continues to get green lights and that traffic flows smoothly, provided everyone is travelling at the posted speed limit, and,

It is the opinion of the Brampton Community Safety Advisory Committee that staff be directed to explore right and left hand turn lanes, advanced greens, and timed advancement pedestrian cross over signals (e.g. the count down don't walk hand), at all intersections on Williams Parkway, as a pilot project, and eventually city-wide.

Councillor Palleschi expressed concern with the motion moving forward without staff present to provide feedback and expertise on the matter. Councillor Palleschi requested that the staff be notified that the recommendation will be on the next Committee of Council agenda for consideration so staff may provide feedback and further recommendations regarding the matter.

Mr. Fay advised that generally staff are present for such matters and that the motion was not anticipated at the meeting. Staff are usually advised and attend the meeting to provide feedback for Committee to consider. Mr. Fay advised that appropriate staff would be advised of the motion and that Council will be considering it at Committee of Council on March 10, 2021 by way of the minutes.

The following motion was considered.

BCS005-2021

Whereas the traffic lights on many major roads are timed such that drivers are rewarded for speeding to make the next green light, and,

Overview

1. What is an Official Plan?
2. Project Workplan & Status
3. City Structure Update and Discussion
4. Discussion Papers
5. Engagement Program
6. Discussion and Next Steps

ITS MORE
THAN JUST A
DOCUMENT.
IT'S THE
ASPIRATIONS
OF THE
PEOPLE.

Why Plan?

Official Plan: What is it?

- Clarifies and provides **city building objectives**
- **Guides the realization of a vision** for the future of the city
- Identifies and defines the components of the city – **not as they are today, but as they are envisioned**
- **Provides a policy framework** to make the vision real

Why is a New OP Necessary?

The new OP will replace Brampton's 2006 Official Plan, which:

- Was approved and published in 2008
- No longer fully reflects City priorities, or embodies best practices in municipal land use planning

2006 Official Plan

Approved in Part by the Ontario Municipal Board
by Order dated October 7, 2008
(Including Region of Peel's modifications and deferrals set out
in the Region's Notice of Decision dated January 24, 2008
and appeals to the Ontario Municipal Board)

Office Consolidation September 2015

TTY 905-874-2130

Why is a New OP Necessary?

The **Provincial legislation** governing municipal planning has also been updated recently

To conform with the initiatives of **Brampton's 2040 Vision** and the **Regional Official Plan**

“The purpose of the OP is to set out the municipality’s general planning goals and policies that will guide future land use in relationship to provincial initiatives, the Regional Official Plan and City initiatives.”

General Work Program

Project Deliverables by Phase

Phase 1

Background Review and Community Stakeholder Strategy

- Internal kick-off meeting.

- Policy Conformity Matrix.
- Benchmarking Exercise.
- Draft Preliminary Community Structure.
- cursory review of the Secondary Plans and Block Plans (consolidation strategy).

Phase 4

Discussion Papers and Policy Recommendations

- Discussion Papers
- Project and City Committee Meetings
- Public Open Houses
- Council Meeting
- Policy Directions Report

Phase 5

Draft New Official Plan

- Final Official Plan
- Final Public Open House and Public Meeting
- Council Adoption
- Submission to Region

Stakeholder and Public Consultation

Progress To-Date

Phase 3 | Policy Analysis and Community Structure

- **Phase 3 | Policy Analysis and Community Structure**
- Review and Gaps Analysis of relevant background info and docs.
- Policy Conformity Analysis.
- Updated the engagement strategy to reflect current dynamics (COVID) - ready to re-launch.
- Detailed growth forecasting has been completed.
- Review of the overall structure of the current Official Plan and the development of a new structure for Brampton Plan.
- Initiated a Secondary Plan consolidation exercise.

The Brampton Plan

What is the role of the Brampton Plan?

- Will shift away from the traditional and lengthy policy document.
- Will be a higher-level and more ‘strategic’ planning document that applies City-wide.
- Will be highly visual, using diagrams, graphics and maps to “tell a story” about how Brampton will evolve over the next 25 years
- Will defer to Secondary and Block Plan level planning exercises for detailed land uses, and to confirm context-specific planning considerations.
 - *Similar to the approach taken in the City of Toronto Official Plan and other larger Canadian municipalities.*
- The City Structure will be a series of ‘networks’ that will highlight the various elements of land use planning.

The Brampton Plan Structural Elements

The Brampton Plan City Structure (DRAFT)

BRAMPTON 2040 PLAN | CITY STRUCTURE MAP
DRAFT | FEB.16, 2021

Discussion Papers Purpose and Intent

- Will provide an overview of specific matters to be considered in the development of the Brampton Plan.
- Will summarize relevant policy and legislation, explore Key issues and recommendations.
- Will be concise, highly visual, accessible and readable documents.
- Findings will be integrated and (or “cross-pollinated”) into the overall policy development process.
- Additional necessary changes to policies arising from public and stakeholder input on the Discussion Papers will be explored within the Policy Directions Report.

Discussion Papers Themes

- Discussion Papers are framed around the **2040 Vision Statements**.
- Take into account new and emerging issues, trends and topics that have come up as part of the background work conducted in Phase 3 of the project.

Proposed Motion – Guns and Gang Violence Sub-committee

It is the recommendation of this committee that Council direct the City of Brampton to host a virtual town hall to address gun violence in the City of Brampton.

That the City of Brampton Community Safety Advisor coordinates with and supports the subcommittee with technical support and community outreach in hosting this town hall.

That the town hall include collaboration with the Region of Peel, Peel Regional Police Service, and community agencies within the Region of Peel, who serve residents of Brampton.

Dear Member of Brampton Community Safety Advisory Committee:

March 19, 2021

Re: Brampton Plan Engagement

We are writing to you to invite you to collaborate in the development of the **City of Brampton's new Official Plan, called "Brampton Plan"**. The City is in the early stages of engaging residents and its partners in the Brampton Plan process, which will build upon the Council-endorsed vision and ensure all City planning, projects, and development are working together plan and build Brampton now and into the future.

An Official Plan is an overarching plan to manage how Brampton grows and develops and is required by provincial legislation. It guides the location and type of housing, industry, offices and shops, as well as the infrastructure needed to support a growing city – including streets, parks, transit, schools and recreational facilities. It is a legal document which must conform to, and be consistent with, provincial legislation and regional directives.

The new Brampton Plan will address and update a range of important policy areas which help shape the City, including land uses, urban design, sustainability, transportation, the environment, parks & open spaces, employment, arts & culture, and heritage preservation.

We are seeking to engage community leaders, such as yourself, and the broader public in discussions around key issues that impact your respective committee and the community. We propose to do this in a number of different ways, including, but not limited to the following:

- Engaging with Committees of Council throughout 2021 as the plan progresses;
- Hosting public workshops and focus groups to inform the development of Brampton Plan; and
- Online engagement through surveys and social media.

We are currently planning a City-Wide Virtual Workshop for April 10, 2021 and hope that you can attend. To register, please see the following details:

WHAT: City-Wide Workshop

WHEN: April 10th, 2021 from 10am – 12pm

WHERE: Virtual workshop conducted via WebEx

REGISTER: [Bramptonplanworkshop.Eventbrite.com](https://www.eventbrite.com/e/brampton-plan-workshop-tickets-149644149644)

In addition to attendance at the City-Wide Workshop, we would like to offer an opportunity to attend a focus-group session and will follow-up to confirm a convenient time. To learn more about Brampton Plan please visit Brampton.ca/BramptonPlan or contact us at opreview@brampton.ca.

Vice-Chair, Planning & Economic Development

Dear Chair Williams,

Please accept this letter as my resignation from the Brampton Community Safety Advisory Committee.

I have appreciated the opportunity to work towards the objectives set out for the committee with such a passionate group of residents especially the Youth and Education subcommittee. I would also like to recognize the dedicated and exceptional staff who regularly support the committee and who have done their best to keep us on target and to help us understand the interconnectedness between the work of community safety and other projects and initiatives.

Despite the passion of committee members too often conversations are dominated by minute matters and we have experienced extension beyond the original topics and scope of work set for ourselves this term. There are a number of issues and concerns in our community that need to be addressed but it is difficult to address them all in one go, which makes the process inefficient and potentially less effective.

I believe our community would be better served by an independent process or mechanism by which service and program providers, representatives from government agencies and members of the community come together driven by collective impact in an integrated planning collaborative, as is done in some other communities. This would allow for the delivery of positive outcomes for residents by providing the timely services and referrals needed to address the concerns of the community in a less formal setting.

So I am taking the opportunity afforded by the recruiting exercise to step back and offer my place on the committee to another member of the community who may wish to engage in the current process.

I wish the committee best of luck.

Alana Del Greco
