12.3 Minutes – Committee of Council – February 24, 2021

During Council's consideration of the subject minutes, discussion took place with respect to Recommendations CW076-2021 (greenhouse gas (GHG) emissions from Ontario's natural gas-fired power plants) and CW098-2021 (GTA West Transportation Corridor), as follows.

Recommendation CW076-2021:

A motion, moved by City Councillor Whillans and seconded by Regional Councillor Palleschi, was introduced to replace the recommendation with a revised version. Councillor Whillans noted that the revised recommendation does not change the original intent, rather it includes additional information (two additional whereas clauses).

The revised motion was as follows:

That CW076-2021 be replaced with the following revised recommendation:

Whereas a major transportation corridor through the Region of Peel is a significant provincial investment and must be done thoughtfully and with sufficient review and;

Whereas the EA initiated by the previous provincial government was cancelled due to strong objection from experts in rural development, renewable cities, agriculture, environment and efficient transportation and;

Whereas the Province's proposal to fast-track the environmental assessment process represents key environmental, social and economic risks to the City of Brampton and the Region of Peel and;

Whereas Brampton City Council endorsed a boulevard option through Northwest Brampton as a result of its enhanced social, environmental, economic and city-building benefits and;

Whereas Brampton City Council has requested that MTO include consideration of the boulevard option as part of their current EA process for the major transportation corridor to which they have declined and;

Whereas Environmental Defence has filed a request for designation under Section 9 of the Federal Impact Assessment Act requesting the GTA West proposed project and associated transmission corridor be considered within federal jurisdiction and;

Whereas a federal environmental assessment represents a key opportunity for enhanced oversight of the GTA West Transportation Corridor;

Therefore be it resolved that the City of Brampton request the Government of Canada to conduct an Environmental Impact Assessment of the proposed major transportation corridor, and including the boulevard option and;

That a copy of this motion be sent to Prime Minister Justin Trudeau, Minister of Transportation Caroline Mulroney, Minister of Environment and Climate Change Jonathan Wilkinson, all Brampton MPs and MPPs and Mississauga, Caledon and Peel Councils.

A Point of Order was raised by Regional Councillor Vicente for which the Mayor gave leave. Councillor Vicente requested that the motion be read out at the meeting. Councillor Whillans agreed and read out the motion.

Council consideration of the motion included:

- varying opinions and comments on the motion
- Council's previous consideration of and position on the GTA West Transportation Corridor
- Brampton Council's position on the Corridor versus that of Region of Peel Council
- questions about the motion and details from the mover and seconder in response
- proposed deferrals of the motion:

- to a special meeting of Council to be held in advance of consideration of this matter by Region of Peel Council
- to the regular Council meeting following consideration by the Region of Peel

A Point of Order was raised by Regional Councillor Santos, for which the Mayor gave leave. Councillor Santos noted that the original proposal for deferral of the motion was to have this considered before Region of Peel Council.

During consideration of the motion, staff outlined timelines as they relate to the City's response to the Federal Government with respect to a Federal Environmental Assessment, and noted that Council could have an overall discussion on the Transportation Corridor subsequent to that.

An amendment to the first operative clause of the motion was introduced and accepted by the mover to change "including the boulevard option" to read: "should it proceed that it include the boulevard option, as supported by Brampton Council".

A further amendment to the first operative clause was proposed by Regional Councillor Vicente to include additional comments along the lines of the following: "that the City of Brampton opposes the GTA West Corridor through our City as it has been proposed, and that Brampton Council requests that the Government of Canada conduct an environmental impact assessment of the proposed major transportation corridor and should it succeed, it include a boulevard option as requested by Brampton Council".

Councillor Palleschi, in his role as seconder, noted that the requested amendment would require reopening of Council's decision as Council has already approved support for the boulevard option and environmental protections. Councillor Palleschi provided background on the Corridor, noting that the previous Provincial Government did not cancel the entire project, as this was always going to be a corridor, and the reason for the motion is to provide an environmental defence and to a request a Federal environmental assessment, after which Council's position on the boulevard concept could be put forward to the Province.

A Point of Order was raised by Councillor Palleschi, for which he was given leave. Councillor Palleschi responded to comments from Councillor Vicente and clarified that Brampton Council does not want a major highway, but prefers a transmission corridor, with the boulevard option and environmental protections.

A recorded vote was requested on the motion. During the vote, Mayor Brown and Peter Fay, City Clerk, provided a reminder about the rules as they relate to debate during the taking of votes.

The results of the recorded vote were as follows:

Recommendation CW098-2021:

Yea (11): Regional Councillor Dhillon, City Councillor Singh, Regional Councillor Fortini, City Councillor Williams, Regional Councillor Medeiros, City Councillor Bowman, Regional Councillor Palleschi, City Councillor Whillans, Regional Councillor Vicente, Regional Councillor Santos, and Mayor Brown
