 - ✓ Coordinating with By-Law Enforcement, Fire & Emergency Services to review/enhance enforcement and compliance measures.
 - ✓ Continuing the City's annual licensing system with enhancements to improve the program.
- ✓ Limiting the number of lodgers (based on the number of bedrooms – 2 people per bedroom) in compliance with Building & Fire Code
 - ✓ Considering a city-wide approach through a tiered classification system (i.e. Lodging House Tier 1 – maximum of 6 lodgers permitted in all residential designations based on specific criteria; Lodging House Tier 2 – to a maximum between 10 to 12 lodgers permitted in higher density residential designations based on site-specific criteria)
 - ✓ Dwelling type (expanding beyond single-detached dwellings)

Dear Member of Age-Friendly Brampton Advisory Committee:

March 19, 2021

Re: Brampton Plan Engagement

We are writing to you to invite you to collaborate in the development of the **City of Brampton's new Official Plan, called "Brampton Plan"**. The City is in the early stages of engaging residents and its partners in the Brampton Plan process, which will build upon the Council-endorsed vision and ensure all City planning, projects, and development are working together plan and build Brampton now and into the future.

An Official Plan is an overarching plan to manage how Brampton grows and develops and is required by provincial legislation. It guides the location and type of housing, industry, offices and shops, as well as the infrastructure needed to support a growing city – including streets, parks, transit, schools and recreational facilities. It is a legal document which must conform to, and be consistent with, provincial legislation and regional directives.

The new Brampton Plan will address and update a range of important policy areas which help shape the City, including land uses, urban design, sustainability, transportation, the environment, parks & open spaces, employment, arts & culture, and heritage preservation.

We are seeking to engage community leaders, such as yourself, and the broader public in discussions around key issues that impact your respective committee and the community. We propose to do this in a number of different ways, including, but not limited to the following:

- Engaging with Committees of Council throughout 2021 as the plan progresses;
- Hosting public workshops and focus groups to inform the development of Brampton Plan; and
- Online engagement through surveys and social media.

We are currently planning a City-Wide Virtual Workshop for April 10, 2021 and hope that you can attend. To register, please see the following details:
