CW053-2023

Whereas, youth mental health was hitting a crisis point in Peel before Covid, as demonstrated by research in 2019 and expressed locally at a round table hosted in February 2020, with a number of school administrators, staff and teachers, the Mayor, local Councillors, community agencies and representatives from Region of Peel and the City of Brampton;

Whereas, Children's Mental Health Ontario's (CMHO) report titled "Kids Can't Wait" showed Peel among the highest in wait times in the province, reaching as high as 566 days for counselling and therapy for those under 18 years old and even longer wait times for more intensive mental health services, reaching 737 days, or over two years;

Whereas, CMHO considered Peel a "hot spot" for long wait times because funding for many mental health services hasn't kept pace with booms in the region's population over the years;

Whereas, the report titled "Changing Landscape of Health in Peel" (2019) identified Emergency Department (ED) visits for mental health, highest among youth under age 24 (more than doubled over same time period among individuals younger than 14 years) and individuals who accessed care for a mental illness had 3 or more repeat hospitalizations;

Whereas, the same report found that suicide/self harm have increased significantly among female youth under age 24 and discovered that 33% (44% for females) of students in Grades 7–12 did not know who to turn to when wanting to discuss a mental health issue;

Whereas, limited access to mental health supports for students, result in them turning to their school teachers and administrative staff for support but such staff lack the professional training to address or keep up with demand for support;

Whereas, as recently as last fall, the Canadian Mental Health Association (CMHA) launched the "Act of Mental Health Campaign" pressing our national leaders to fund mental health care, recognizing that kids are getting sicker, and increasingly post-pandemic, because they can't get mental health care when they need it and are winding up in Emergency Departments and in hospital because their mental health isn't treated soon enough;

Whereas, the Region of Peel continues to be chronically under-funded for mental health support whereby per capita funding (2019) was calculated to be \$48 and \$36 for Central West and Mississauga Halton LHINs, respectively, which is significantly lower than the per capita funding of \$80 for Ontarians;

Whereas, In October 2020 the Region of Peel Council approved the Community Safety and Wellbeing Plan, with focus to use upstream approaches to tackle systems-level challenges: family violence, mental health and addictions, and systemic discrimination.

Whereas, the City of Brampton has Council and staff representation at the Region of Peel Community Safety and Wellbeing Committee with a separate sub-committee focusing on mental health;

Whereas, the City of Brampton Community Safety and Wellbeing action plan approved in September 2022, is committed to enhancing community resilience through cross-sector engagement, collaboration, and advocacy which clearly identifies: Increased mental health supports and programming, especially for children and youth, considering the growing challenges faced by this demographic during the pandemic;

Whereas Mississauga's youth hub based in Malton provides youth with access to mental health support and the City of Brampton is developing two youth hubs with potential to do the same;

Whereas, Algoma University is planning to establish a Mental Health and Addictions Research and Training Institute in Brampton;

Whereas, unlike other School Boards across the province (such as the Upper Grand School Board which provides specific psychological and mental health services) the Peel District School Board and Dufferin Peel Catholic District School Board, do not adequately provide mental health supports or access to support for students, especially those in crisis;

Whereas, on Feb 15, 2023 the Peel District School Board hosted an Advisory Council Meeting regarding the development of their Mental Health Strategy and highlighted collaboration with other levels of government as a priority;

Therefore Be It Resolved:

1. The City engage in the following advocacy measures:

- a. Mayor, on behalf of Council write letters to Federal and Provincial Ministers of Mental Health and Addictions (Bennett and Tibollo respectively), and cc: to the Peel District School Board, Dufferin Peel Catholic School Board, Regional Council, and local MPPs and MPs, regarding the need for increased mental health funding and support for youth in Brampton and that the letter include a link to this agenda item, this motion, and related correspondence in the agenda;

- b. A meeting be scheduled with Minister Tibollo, School Board Trustees, Mayor and members of Council regarding mental health support for youth in Brampton;
- c. Council advocate to the Peel District School Board to collaborate with the City, Region and social support agencies in order to improve immediate mental health support needs for youth in Brampton;
- d. Council advocate to Minister Tibollo and School Boards to implement a model of mental health support similar to Upper Grand School Board where trained mental health workers are allocated to schools, especially for those most in need (<https://www.ugdsb.ca/programs/special-education/student-support-and-program-services-department/>);
- e. Council advocate to Region of Peel to enhance communication related to access to the Region's community response table so schools can access immediate support for youth in crisis;
- f. A meeting to be scheduled with the Region of Peel Community Safety and Well-Being Executive Leadership Members and the School Boards to discuss opportunities for collaboration at the Community Safety and Well-Being Mental Health and Addictions Action Table.
- g. Possible collaboration with the CSWB System Leadership Table, Algoma University and other relevant stakeholders to host a Youth Mental Health Summit or Roundtable in Brampton.

2. The City action the following:

- a. Community Safety and Well-Being Office to join the Peel District School Board's planning process in the development of their Mental Health Strategy; and
- b. Provide an update on Brampton's Youth Hubs and support/programming related to youth mental health.

CW055-2023

That the staff update to the Committee of Council Meeting of February 22, 2023, re: **Government Relations Matters**, be received.

Carried

CW056-2023

Whereas the Government of Ontario passed Bill 23 on November 28, 2022, and;

Whereas Bill 23 introduces a 10-year target of 113,000 new households for the City of Brampton, representing an annual increase in total housing growth nearly three (3) times the City's historical average over the past 20 years, and;

Whereas the combination of reduced DC revenue tools and targeted rapid growth will shift a significant portion of these additional infrastructure costs to the Property Tax Base, and;

Whereas with the rapid rate of growth in Bill 23 the City of Brampton will need funding partners from upper levels of government to build the necessary infrastructure including the water/waste water allocation services, community services such as recreation and public safety to support this growth, and;

Whereas the City of Brampton is looking to work with the Province to support the provincial priorities related to increasing the supply of attainable and affordable housing for Brampton residents, and;

Whereas the new Provincial housing targets for the City will require accelerated pace of investments for critical and supporting infrastructure including healthcare and transit in order to match the ten year housing target timeline, and;

Whereas Brampton's existing health care challenges, combined with the new provincial housing targets will require further investment to support the new school of medicine of Brampton, timely delivery of the Peel memorial Centre as a full service hospital and planning grant for a third hospital in Brampton, and;

Whereas critical transit infrastructure such as Hurontario - Main Street LRT extension, the Queen Street – Hwy 7 BRT, and adequate transit funding to meet the high ridership growth experienced by Brampton Transit will be required, and;

Whereas active transportation infrastructure investment is critical to accommodating growth in our communities supporting connectivity, sustainability and a healthy population, and;

Whereas Bill 39 Better Municipal Governance Act, 2022 as it pertains to Bill 23 may require changes to municipal planning and potential fiscal impact to the City of Brampton;

Now Therefore Be It Resolved That:

The City of Brampton work closely with the Association of Municipalities of Ontario (AMO) to advocate and work collaboratively with the Government of Ontario to ensure:

1. Municipalities are made whole and suffer no additional financial burden from impacts related to the implementation of Bill 23 and higher housing targets;
2. The Province consider changes to the Planning Act that require applicants to make submissions for building permits in a defined time after land use approvals are achieved to ensure all development partners are committed to the expedited growth targets; and
3. The Province work collaboratively with municipalities to assess, expedite, approve and fund critical infrastructure and services needed to support expedited growth including: water/waste water allocation services, community services such as recreation and public safety, transit projects, and active transportation infrastructure which support complete and connected communities, sustainability and efforts to support a healthy population.

CW062-2023

Whereas, Brampton residents have expressed significant concern for their personal safety and well being. Residents of Brampton have specifically singled out the rise in auto theft, and
