I am the owner of the property next door to this proposed change. I do not approve of this exterior stairway being installed in front of my kitchen window. There is insufficient room to allow this. It would affect access to backyard and proper drainage. I will not allow access to my property for the construction of this stairway. I also object to the plans of the owner to increase the number of tenants he wants to put in this house. I have ongoing issues with regards to garbage around the house not being picked up and told to talk to absentee owner. This is a low density, family oriented area.
