I would like to object to the variance requested for 4 Lawnview court. I live at 68 Lakecrest Trail. The homes on Lawnview are small single family dwellings and the distance between the homes does not seem feasible to allow this without disturbing the home at 6 Lawnview. These by laws are there for a reason and should be held up as part of maintaining a neighborhood that is in line with the original intent for all those who purchased single family homes.

Thank you

Marie Coffey
