RE: Proposed exterior stairway at 11 Floribunda Cres.,

FIRST OF ALL I ONLY RECIEVED THE NOTICE ON THURSDAY, DEC. 14th, 2023. NOT FAIR! NOT ENOUGH NOTICE!!!

Secondly: I am opposed to this construction. The setback of 2.2 metres is against the City of Brampton by-law which has set it at 3 metres. **Parking is another main factor**. The current residents have two cars and a one car garage. Already our street is experiencing parking problems/offenders and with # 11 they are on a corner and where on street parking will be a traffic hazard - a blind spot for drivers coming around the corner to oncoming traffic.

Thirdly: On a personal note, the construction of a basement apartment was terribly noisy and frustrating. The waste bin was in place for almost a month while their contractor used it for other jobs often returning late in the evening to dump the refuse. It smelled also. They ruined the grass at the side of my house and left a pile of bricks and other garbage between our houses which is still there. I also **did not** see a **BUILDING PERMIT** which should have been displayed in their front window.

Fourthly: Brampton is crowded as it is. Extra people in a basement apartment will only add to the **strain on public services** including but not limited to waste collection and (probably) health care services. **AND**, if past actions might indicate anything it would appear as though these new neighbours will continue to light off fireworks and have noisy parties every weekend. They have proven to be inconsiderate neighbours.

Lastly, our street was designated as **"single family dwellings"**. I also object to the greed.

Brampton however is lost. India has taken over this city and many others in Canada. It is insidious. We are losing our identity because of it. Our country is in peril of being taken over completely by India and whatever I say or do is probably not going to stop it but I thought at least I'd try.

"All that is necessary for evil to triumph is for good men to do nothing": John Stuart Mill (Not Edmund Burke.)

Thank you
