Good afternoon

Please note that I own and reside at 5 Newstead crescent, Brampton, ON L6V 2A8 for the application of A20230197

I have no issues with the application to build a garage and increase the driveway as long as both provide enough rainwater drainage to surrounding properties and is not unsightly to neighbors.

Neighboring concerns are the property becomes rental which then houses too many folks and cars end up with no where to park, which I'm sure is not the purpose of the application.

I see no reason a garage cannot be built on Mr Jaiswals property as long as it's in accordance with the City standards.

Thank you.
