

APPLICATION # B-2022-0025
Ward # 8

DEFERRED NOTICE OF AN APPLICATION FOR CONSENT

An application for consent has been made by **SRADHANANDA MISHRA**

Purpose and Effect

The purpose of the application is to request consent to sever a parcel of land currently having a total area of approximately 0.54 hectares (1.33 acres); together with a mutual access easement. The proposed severed lot has a frontage of approximately 17.01 metres (55.81 feet), a depth of approximately 44.40 metres (145.67 feet) and an area of approximately 0.09 hectares (0.22 acres). The effect of the application is to provide for a lot addition to the land occupied by an existing Place of Worship which will continue to operate. Future development of the proposed retained lot (vacant land) is contemplated.

Location of Land:

Municipal Address: 9893 Torbram Road

Former Township: Chinguacousy

Legal Description: Part of Lots 9 and 10, Concession 6 E.H.S.

Meeting

The Committee of Adjustment has appointed **TUESDAY, May 30, 2023 at 9:00 A.M. by electronic meeting broadcast from the Council Chambers, 4th Floor, City Hall, 2 Wellington Street West, Brampton**, for considering the application.

This notice is sent to you because you are either the applicant, a representative/agent of the applicant, a person having an interest in the property, or an owner of a neighbouring property. **OWNERS ARE REQUESTED TO ENSURE THAT THEIR TENANTS ARE NOTIFIED OF THIS APPLICATION. THIS NOTICE IS TO BE POSTED BY THE OWNER OF ANY LAND THAT CONTAINS SEVEN OR MORE RESIDENTIAL UNITS IN A LOCATION THAT IS VISIBLE TO ALL OF THE RESIDENTS.** You may attend the meeting in person to express your views about this application or you may be represented by an agent or counsel for that purpose. If you do not attend the meeting, a signed written submission shall be accepted by the Secretary-Treasurer prior to or during the meeting and such submission shall be available for inspection at the meeting by any interested person. If you do not attend the meeting, the Committee may proceed and make a decision with respect to this application in your absence. **WRITTEN SUBMISSIONS MAY BE SENT TO THE SECRETARY-TREASURER AT THE ADDRESS OR FAX NUMBER LISTED BELOW.**

IF YOU WISH TO BE NOTIFIED OF THE DECISION OF THE COMMITTEE OF ADJUSTMENT IN RESPECT OF THIS APPLICATION, YOU MUST SUBMIT A WRITTEN REQUEST TO THE COMMITTEE OF ADJUSTMENT. **This will also entitle you to be advised of a possible Local Planning Appeal Tribunal hearing. Even if you are the successful party, you should request a copy of the decision since the Committee of Adjustment Decision may be appealed to the Local Planning Appeal Tribunal by the applicant or another member of the public.**

PLEASE SEE ATTACHED PARTICIPATION PROCEDURES REQUIRED DURING THE COVID-19 PANDEMIC

P.N.: 22.3135.00	Date: November 3, 2022
Scale: N.T.S	Revised:
Drawn By: D.S.	File No.: PN 3135 Concept Plan

Under the authority of the Emergency Management and Civil Protection Act and the Municipal Act, 2001, City Council approved Committee Meetings to be held electronically and/or as a hybrid meeting (both in-person and electronically).

**Electronic/Hybrid Hearing Procedures
How to get involved in the Hybrid Hearing**

As the pandemic has waned, Brampton City Hall is currently lifting in-person attendance restrictions due to the COVID pandemic. In-person attendance at Committee of Adjustment Hearings is now available at this time, along with a virtual participation option. Brampton City Council and its Committees will continue to meet electronically and in-person. For the **May, 30 2023** hearing, the Committee of Adjustment will conduct its meeting with concurrent electronic and in-person attendance.

How to Participate in the Hearing:

All written comments (by mail or email) must be received by the Secretary-Treasurer no later than **4:30 pm, Thursday, May 25, 2023.**

- Advance registration for applicants, agents and other interested persons is required by one or two options:
 1. Participate remotely in the electronic hearing using a computer, smartphone or tablet by emailing the Secretary-Treasurer at cityclerksoffice@brampton.ca or jeanie.myers@brampton.ca by **4:30 pm Thursday, May 25, 2023.**
 2. To participate in-person, please email the Secretary-Treasurer at cityclerksoffice@brampton.ca or jeanie.myers@brampton.ca by **4:30 pm Thursday, May 25, 2023.**
- Persons without access to a computer, smartphone or tablet can participate in a meeting via telephone or in-person. You can register by calling 905-874-2117 and leave a message with your name, phone number and the application you wish to speak to by **Thursday, May 25, 2023.** City staff will contact you and provide you with further details.

You will be contacted by the City Clerk's Office before the hearing date to confirm your attendance. Confirmation of in-person attendance will be subject to any in-person capacity limits that may be in place for Council Chambers at City Hall and prevailing public health orders and guidance.

- All Hearings will be livestreamed on the City of Brampton YouTube account at:
<https://www.brampton.ca/EN/City-Hall/meetings-agendas/Pages/Welcome.aspx> or
<http://video.isilive.ca/brampton/live.html> .

If holding an electronic/hybrid rather than an oral hearing is likely to cause a party significant prejudice a written request may be made to have the Committee consider holding an oral hearing on an application at some future date. The request must include your name, address, contact information, and the reasons for prejudice and must be received no later than 4:30 pm the Friday prior to the hearing to cityclerksoffice@brampton.ca or jeanie.myers@brampton.ca. If a party does not submit a request and does not participate in the hearing, the Committee may proceed without a party's participation and the party will not be entitled to any further notice regarding the proceeding.

NOTE Personal information as defined in the *Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)*, collected and recorded or submitted in writing or electronically as related to this planning application is collected under the authority of the *Planning Act*, and will be used by members of the Committee and City of Brampton staff in their review of this matter. Please be advised that your submissions will be part of the public record and will be made available to the public, including posting on the City's website, www.brampton.ca. By providing your information, you acknowledge that all personal information such as the telephone numbers, email addresses and signatures of individuals will be redacted by the Secretary-Treasurer on the on-line posting only. Questions regarding the collection, use and disclosure of personal information may be directed to the Secretary-Treasurer at 905-874-2117.

1.0 Existing Land Use

Subject Property & Surrounding Area

The subject site is irregular in shape, measures approximately 0.60 ha (1.48 ac) in size and is located on the east side of Torbram Road, north of the intersection of Torbram Road and North Park Drive. The subject site has a lot depth of approximately 63.92 m (209.71 ft), a street frontage of 117.56 m (385.70 ft) along Torbram Road and is occupied by an existing Place of Worship (Hindu Temple, operating as Jagannath Temple Toronto). Driveway access is provided from Torbram Road.

Surrounding land uses generally include Residential, with a commercial plaza immediately abutting the subject site to the south (located at the southeast corner of the intersection of Torbram Road and North Park Drive), as well as at the southwest corner of Torbram Road and North Park Drive.

TAB 1 includes Air Photos from Google Earth of the subject site and area context

A review of Land Registry Office (LRO) files and parcel abstracts reveals that the subject site consists of four (4) parcels with four (4) separate PIN numbers. PIN # 14208-0002 and PIN # 14208-0040 have been assigned the municipal address of 9893 Torbram Road, with the existing Place of Worship building being located on the parcel identified as PIN # 14208-0002.

The other two (2) parcels identified as PIN # 14208-0810 and PIN #14208-0812 are two (2) open space buffer blocks that were created at the time of the approval of the adjacent Draft Plan of Subdivision to the north and east, and are also owned by my Client. These two (2) parcels are not part of this application.

A review of the City of Brampton Assessment Roll information reveals that all four (4) parcels (being PIN # 14208-0002, 14208-0040, 14208-0810 and 14208-0812) are all assigned the same roll number; 10-10-0-025-03800-0000.

In addition, the existing Place of Worship building located at 9893 Torbram Road, on the parcel identified as PIN # 14208-0002, is a heritage designated resource on the City's Heritage Register. The property and the structure were designated heritage on August 13, 1984 under By-Law #180-84. The building has historically and continues to be used for Place of Worship services; it is currently the home of the Jagannath Temple Toronto. The heritage designation and the continued use of the site for the Jagannath Temple Toronto is recognized and will be respected by the proposed Severance and Minor Variance Applications.

2.0 Consent to Sever Application

It is proposed that the portion of the subject site consisting of Parcel PIN # 14208-0040 be severed into two (2) Lots; Lot 1 – Retained Lands and Lot 2 – Severed Lands, with the severed lands being added to and merged with the lands comprising Parcel PIN # 14208-0002.

The purpose of the Severance Application is to sever the Place of Worship lands from the remainder of the subject site which is contemplated for future development purposes. A Pre-Consultation Application was submitted for the future development of the vacant portion of the subject site on October 22, 2021. The Pre-Consultation Meeting was held, under File # PRE-2021-0204 and the Consolidated Comments Report dated November 22, 2021 was issued. The intent to sever the heritage resource (Place of Worship) was discussed during the Pre-Consultation with Staff. The Tertiary Plan noted in the Consolidated Comments Report is a requirement of the future development application and is not required for this application.

The lands comprising Parcel PIN # 14208-0040 measure approximately 0.54 ha (1.33 ac) in size. It is proposed that a portion of the Parcel PIN # 14208-0040 abutting Parcel PIN #14208-0002 to the north and west, along with a portion extending northerly along the southern boundary, measuring approximately 0.09 ha (0.22 ac) be severed. The retained lands comprising the remainder of Parcel PIN # 14208-0040 measure approximately 0.45 ha (1.11 ac).

It is further proposed that the severed lands measuring approximately 0.09 ha (0.22 ac) be added to and merged with the lands comprising Parcel PIN # 14208-0002. Parcel PIN # 14208-0002 measures approximately 0.06 ha (0.15 ac). The resultant parcel with the addition of the severed lands would measure approximately 0.15 ha (0.37 ac).

Access to both lots shall continue to be provided from Torbram Road via two (2) separate individual driveways. The southerly driveway is shown in the location of the current access location, and the northerly driveway

TAB 2 includes the proposed Conceptual Severance Plan prepared by Gagnon Walker Domes Ltd. dated November 3, 2022.

The following is a brief summary of the proposed Conceptual Severance Plan:

- Parcel ID PIN # 14208-0040
- Total Site Area: 0.54 hectares (1.33 acres)

Lot 1 – Retained Lands

- Area: 0.45 hectares (1.11 acres)
- Width: 67.26 metres (220.67 feet)
- Depth: 63.92 metres (209.71 feet)

Lot 2 – Severed Lands

- Area: 0.09 hectares (0.22 acres)
- Width: 17.07 metres (56.00 feet)
- Depth: 44.40 metres (145.67 feet)

3.0 Planning Analysis

The proposed Consent to Sever Application has been analyzed in the context of governing planning documents. The following represents a summary of the highlights of the Planning Analysis.

Planning Act

With regard to the Consent to Sever Application, our office has taken into consideration the provisions prescribed within Section 51(24) of the Planning Act (as summarized in the Chart below), and we are of the opinion that the proposed Consent to Sever Application represents good planning and should be supported from a land use perspective.

<u>Criteria To Be Considered</u>	<u>Analysis</u>
The effect of development of the proposed subdivision on matters of provincial interest;	The proposed severance has no significant effect on matters of provincial interest.
Whether the proposal is premature or in the public interest;	The proposed severance is neither premature nor contrary to any matters of public interest.
Whether the plan conforms to the official plan and adjacent plans of subdivision, if any;	The proposed severance conforms to the Official Plan, which designates the site Residential, which permits Places of Worship. The Secondary Plan designates the site Place of Worship, and the existing Place of Worship is to be maintained with the application on the severed and lot addition lands. The Retained lands are to be maintained in its current form and consists of a potential future development block, subject to a separate, future Amendment Application as noted under Pre-Consultation file PRE-2021-0204. In addition, the Official Plan identifies the site as a designated heritage resource. The severed lands from PIN 14208-0040 and the addition to PIN 14208-0002 will maintain the existing designated Place of Worship/Heritage resource in situ, and on a separate parcel from the lands under review for future development purposes.

<p>The suitability of the land for the purposes for which it is to be subdivided;</p>	<p>The subject site is suitable for the purposes of the severance. The use of the subject site for a Place of Worship is in keeping with the character of the surrounding area, which consists of community and residential purposes, and is what the lands are designated for. The Proposal also maintains the designated heritage resource in situ.</p>
<p>The number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;</p>	<p>The proposed severance does not present any concern with regard to the adequacy of the roadway network. The adjacent road network is suitable for residential purposes, including a Place of Worship, and the proposal serves to maintain the current use of the site for Place of Worship purposes, in addition to maintaining a designated heritage resource in situ.</p>
<p>The dimensions and shapes of the proposed lots;</p>	<p>The proposed lots to be created are appropriate in size and shape for the Place of Worship use. An associated Minor Variance Application has been filed to address various performance related standards for the severed and combined lot (Place of Worship lands), which are minor in nature. The performance standards for the retained lot, such as the lot area, will be addressed through a future Amendment Application for those lands.</p>
<p>The restrictions or proposed restrictions, if any, on the land proposed to be subdivided; or the buildings or structures proposed to be erected on it and the restrictions, if any, on adjoining land;</p>	<p>There are no known restrictions or proposed restrictions on the lands to be subdivided. The Heritage Designated resource is being maintained, and is not impacted by the proposed severance.</p>
<p>The conservation of natural resources and flood control;</p>	<p>The proposed severance presents no concerns with regard to flood control and the conservation of natural resources.</p>
<p>The adequacy of utilities and municipal services;</p>	<p>There are no concerns with regard to the adequacy of utilities and municipal services.</p>

The adequacy of school sites;	The proposed severance presents no concerns with regard to the adequacy of school sites.
The area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;	There are no concerns related to conveyances for public as part of the Consent Application.
The extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy;	The proposed severance has no impact on matters of energy conservation.
The interrelationship between the design of the proposal and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41(2) of this Act.	The existing Place of Worship building is being maintained, and will continue to operate as a Place of Worship. No new buildings are proposed; No Site Plan Approval is required. The retained lands will remain in its current existing condition (vacant lands) and any future development potential will be addressed through a future amendment application. As noted in the Consolidated Comments Report for PRE-2021-0204, a Tertiary Plan will be prepared as part of that future amendment application process.

4.0 Minor Variance Application

Concurrent with the Consent to Sever Application for the subject site, two (2) associated Committee of Adjustment Minor Variance Applications are also being submitted to the City of Brampton, seeking relief from the Zoning By-law in order to address various performance standards in relation to the newly created Place of Worship site (the addition of the severed lands to the lands identified as PIN #14208-0002) and the retained lands.

The requested relief from the Zoning By-law, for the severed lands (Place of Worship site), is as follows:

1. To permit a minimum lot area of 1,500m² whereas the Zoning By-law requires a minimum lot area of 6,500m².
2. To permit a minimum landscaped open space strip of 1.50m along the site limits except at the location of the driveways, whereas the Zoning By-law requires a minimum landscaped open space strip of 3.0m to be provided along the site limits except at the location of a driveway.

The requested relief from the Zoning By-law, for the retained lands, are as follows:

1. To permit a minimum lot area of 4,500m² whereas the Zoning By-law requires a minimum lot area of 6,500m².
2. To permit a minimum interior side yard width to a new property line of 2.40m, whereas the Zoning By-law requires a minimum interior side yard width of 7.5m.

The proposed Committee of Adjustment Minor Variance Applications have been analyzed in the context of the governing planning documents. The following represents a summary of the highlights of the Planning Analysis.

TAB 3 includes the proposed Minor Variance Plans prepared by Gagnon Walker Domes Ltd. dated November 10, 2022.

City of Brampton Official Plan (September 2020)

The City of Brampton Official Plan (BOP) provides policy direction to guide future development, protect the health and quality of life of its residents, protect the natural environment as well as preserve, protect and enhance the character and economy of the City.

Residential

According to the BOP, the subject site is designated '*Residential*' on Schedule A: General Land Use Designations. The general policies of the *Residential* designation notes that Places of Worship shall be permitted on lands designated Residential on Schedule A, with the exception of those lands designated "Estate Residential" (Policy 4.2.1.1). It is noteworthy that the subject site is designated '*Residential*' and is not designated '*Estate Residential*.'

In addition, Policy 4.2.1.1 notes that Places of Worship shall generally be located on arterial and collector roads, and not on local residential roads. Torbram Road is designated as a "Minor Collector" on Schedule B: City Road Hierarchy.

Lastly Policy 4.2.1.1 notes that a Place of Worship shall be located on a site of sufficient size to accommodate the required performance standards such as parking, landscaping, pedestrian connections and setbacks that will result in land use compatibility with the host area.

The requested variances, in addition to the Consent to Sever and lot addition component of the application, will facilitate the advancement of a proposal which serves to maintain the existing heritage designated Place of Worship building in situ, and for the continued use as a Place of Worship. The existing parcel of land on which the existing Place of Worship is located (PIN 14208-0002) is not being changed, and the additional land severed from parcel identified as PIN 14208-0040 and added to the parcel identified as PIN 14208-0002 will serve to provide the required parking standards and proper site circulation. Pedestrian access is maintained, and the reduction in landscape strip is minor

in nature (when incorporated with the landscape strip on either side of the property limit, the full landscape buffer is accommodated). Similarly, the existing parcel which is identified in this application as the retained lands is not being changed, and the variances requested reflect the existing conditions in relation to the lot area, and the existing structure to the newly created lot line. The function of the site and the inter-relationship of the various structures, parking and circulation that exists today will continue with the approval of this application.

Places of Worship

As it pertains to Places of Worship, it is the objective of the BOP to:

- Be permitted on lands designated Residential, where it has been demonstrated that they are compatible with the character of the surrounding residential area (Policy 4.9.8.1).
- Provide on-site parking to accommodate regular worship attendance and other regular events in accordance with the City's Zoning By-Law standards, which are based on the worship area / person capacity of the Place of Worship (Policy 4.9.8.1 i)).
- Be properly integrated into the surrounding neighbourhood in a manner that will not adversely impact adjacent land uses. (Policy 4.9.8.1 ii)).
- Be generally located on arterial and collector roads, and not on local residential roads (Policy 4.9.8.1 iv)).

The requested variances will facilitate the advancement of a proposal that serves to maintain an existing Place of Worship (heritage resource) in situ, on a site that is sufficiently sized to accommodate the use and the required parking, located on a Minor Collector Road. The variances will not alter the subject site as it currently function, and reflects a combination of variances that acknowledge existing conditions, or are minor in nature to reflect an efficient use of the site.

Consent

The proposed variances are consistent with the Consent policies of the BOP, and are supportive of the associated Consent to Sever Application, as it will facilitate the creation of two (2) parcels of land which are:

- Of a size, shape and use of the severed land is compatible with the current neighbouring parcel fabric and permitted Official Plan and Secondary Plan uses (Policies 5.17.4, 5.17.8).
- Serviced by public water and sanitary sewers (Policy 5.17.5).
- Each new lot created fronts onto Torbram Road (Policy 5.17.13).

The variance in connection with the reduction in the lot area of the subject site for the Place of Worship use is in keeping with the intent and policies of the Official Plan, as it maintains an existing Place of Worship (heritage resource) in situ, on a site currently designated for such a use, and which is sufficiently sized to accommodate the existing building and the required parking in keeping with the provisions of the City's Zoning By-Law. It also represents a Place of Worship site that efficiently utilizes the lot on which it is situated, and which is compatible with and respects the current neighbouring residential parcel fabric. The reduction in lot area for the retained lands is reflective of the existing conditions of the site, and there is no change to the use of the lands (currently vacant).

The submitted Minor Variance and Consent to Sever Applications will facilitate the development of two (2) parcels; the severed portion of the parcel identified as PIN 14208-0040 added to the parcel identified as PIN 14208-0002, accommodating the existing Place of Worship (identified as a heritage resource), and the retained portion of the parcel identified as PIN 14208-0040 to remain vacant (current condition) as a potential future development parcel, as discussed with City of Brampton staff through City File PRE-2021-0204. A mutual access easement between the two resultant parcels will also be established to accommodate future shared ingress and egress to the two (2) lots from Torbram Road.

It is our opinion that the proposed severance, minor variances and use of the subject site for the maintenance of, and continued operation of a Place of Worship (designated heritage resource) in situ, conforms to the general intent and purpose of the Official Plan.

**Springdale Secondary Plan (Area 2) (October 2019) and
Airport Intermodal Secondary Plan (Area 4) (December 2021)**

The subject site is designated 'Place of Worship' on Schedule 2 of the Springdale Secondary Plan (Area 2) and on Schedule 4 of the Airport Intermodal Secondary Plan (Area 4).

Place of Worship

In both the Springdale Secondary Plan and the Airport Intermodal Secondary Plan, it is noted that lands designated Institutional on Schedules 2 and 4 (respectively) includes Schools, Places of Worship and Fire Stations, and shall be developed in accordance with the Institutional and Public Uses policies of Section 4.9 and other relevant policies of the Official Plan (Policy 6.1 in both Plans). In addition, Policy 6.2 (in both Plans) notes that Places of Worship shall also be developed in accordance with Sections 4.2.1.1, 4.3.1.8, 4.4.1.2 4.4.2.5 and other relevant policies of the Official Plan.

The Residential and Places of Worship policies of the Official Plan have been reviewed in the previous section of this letter.

It is our opinion that the proposed Consent to Sever and Minor Variance(s) and use of the subject site for the continued operation of the existing Place of Worship (heritage resource) in situ, conforms to the general intent and purpose of the Secondary Plan(s).

City of Brampton Zoning By-Law 270-2004

The Subject Site is zoned ‘Institutional One – Section 676 (I1 – Section 676)’.

The Institutional One – Section 676 zone permits the following uses:

- Shall only be used for the purposes permitted in an I1 Zone of this By-Law:
 - A public or private school
 - **A place of worship**
 - A day nursery
 - A park, playground or recreation facility operated by a public authority
 - Supportive housing residence Type 1 or Type 2
 - Purposes accessory to the other permitted purposes

- Shall be subject to the following requirements and restrictions:
 - Minimum Lot Size – 6,500 square metres
 - Minimum landscaped open space strip of 3 metres in width shall be provided along the site limits except at the location of the driveway
 - No maximum lot coverage requirement.

The following table summarizes the ‘Institutional One’ Zone provisions (not modified by the above noted requirements of Site-Specific Section 676):

(a) Minimum Front Yard Depth	7.5 metres
(b) Minimum Interior Side Yard Width	7.5 metres or half of the height of the building, whichever is the greater
(c) Minimum Exterior Side Yard Width	7.5 metres or half of the height of the building, whichever is the greater
(d) Minimum Rear Yard Depth	7.5 metres or half of the height of the building, whichever is the greater
(e) Maximum Building Height	3 Storeys
(g) Parking	Parking spaces shall be provided and maintained in accordance with Sections 6, 10, and 20 of this By-Law

The requested variances will facilitate the advancement of a proposal which promotes and maintains an existing Place of Worship which is a designated heritage resource in situ, and serves to maintain the manner in which the site currently functions. The variance for the lot area reflects the total area of the Parcel on which the existing Place of Worship is located (and as noted in the Heritage listing) being Parcel PIN 14208-0002, with the addition of a portion of the severed lands from the parcel identified as PIN 14208-0040, thereby accommodating the required parking as set out in the Zoning By-Law in a compact and efficient manner. The variance for the lot area for the retained parcel (PIN 14208-0040) from the accompanying Consent Application reflects the existing condition being the remainder of the parcel.

Variance #2 for the severed lands reflects a minor reduction in the required landscaped open space strip along the site limits. The reduction to 1.5 metres around the existing commercial plaza to the south and east is supportable as there is a wide landscape space on the commercial plaza, and similar to the existing building, is reflective of the existing conditions on the subject site. When combined between the two (2) sites, a more than sufficient landscape open space buffer is provided. Additional landscape strip and buffer will be provided through the future Amendment Application for the retained lands on the parcel identified as PIN 14208-0040 in the associated Consent Application and the subject site. The proposal represents a compact and efficient urban form.

Variance #2 for the retained lands reflects a minor adjustment in the minimum interior side yard width to the existing structure as a result of the new property line created through the severance, and is along a portion of the new property limits between the two (2) parcels owned and retained by my client. It is noteworthy that the impact is interior; no reductions are required to any of the property limits to external parcels. The parking and circulation layout shown on the concept plans for the severed lands reflects the existing parking conditions for the Place of Worship, and as such, there is no impact from the reduced setback from the new “property line” to the existing structure. No changes to the existing use of the retained lands are contemplated, and future development potential is being explored through a separate and distinct development approval process (PRE-2021-0204).

It is our opinion that the proposed severance and minor variance(s) conform to the general intent of the Zoning By-law.

Desirable and Appropriate Development of the Land

The submitted Minor Variance and Consent Applications will facilitate the creation of two (2) new lots for the maintenance of the existing heritage designated Place of Worship in situ, and to continue to be utilized for such a purpose, and the creation of a lot for consideration and review for future development opportunities (as currently being explored through City File PRE-2021-0204). The new lots are of a size, shape and land use which is compatible, respects the current neighbouring residential parcel fabric, and efficiently utilizes existing and planned local transit and infrastructure.

The subject site is located in an area that is designated for residential purposes, which includes Places of Worship. In this regard, we are of the opinion that the proposed variances are considered desirable and appropriate for the development of the land.

Minor in Nature

In determining whether the Variances are minor it is imperative that it not become an exercise of arithmetic but a contextual analysis. The Variances are not expected to have an adverse impact on the adjacent properties or the neighbourhood in general. To the contrary; they will serve to maintain the existing, heritage designated Place of Worship in situ, with a circulation pattern allowing it continue to operate as it currently does today, while meeting required parking standards.

The Variances are modest deviations from the Zoning By-law standards, and reflect technical adjustments and/or acknowledgements, and existing conditions on the subject site. The requested Variances are considered to be minor in nature and should be supported.
