Subject: [EXTERNAL]Re: Application B 2022-0025 and A 2022- 0372, A-2022-0373

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

Dear officers,

Sub- Application #A-2022-0373 for 9398 Torbram Road, Brampton.

This application should not be entertained at city council/ COA as its a waste of everyone's time due to below reasons-

- (1) The ownership dispute of the land which is ongoing in the Superior Court of Justice and let justice settle the matter first before city considers the proposal.
- 2) the land present at above address is dedicated for place of worship and if you analyze the land required for a place of worship is huge as it has to satisfy lots of requirements. Allowing to change the zoning is a slap on city's planning division who dedicated this land to people of Brampton as a worship place. Also there is no place of worship in a 5 km radius of the location.
- 3) The request is unreasonable based on the existing size, use, and location of the land.

We strongly oppose this application.

Thank you,
Sisir Dash

Dear City officials,

I am writing this email to put forward my concerns and dissatisfaction for the changes suggested for the land as mentioned in the application number in the subject line.

First of all , this land has a heritage place and the subject land is dedicated for place of worship. Right now there is a Hindu temple operating from the place and a place of worship for thousands of devotees.

If you have already seen other Hindu temples in Brampton, there are places dedicated for minimum 200 to 300 parking place and a beautiful temple. Changing the land to commercial will reduce the value of a place of worship. Also there is a commercial plaza next to the subject land and we do not need any more commercial space there.

To make sure it's a beautiful place of worship, let's not allow the modification of land.

I am happily to join the 28th March meeting to put forward my dissatisfaction. Please share any online meeting information.

Thank you
Sisir Dash
