Subject Matter to be Discussed:	Proposal to institute a new plastics by law to the City of Brampton that would see the reduction of plastic waste throughout the city with minimum disruption to the current operating practices of current businesses affected by said proposal. Addressing this movement at a municipal level would place Brampton ahead of any town in the province in taking a proactive approach to plastic reduction.
Action Requested:	Create a by-law for the city that would see an immediate reduction in single use plastics in the waste cycle of the community. On top of addressing all single use plastics, go beyond the standard approach and enforce locations who sell fluids in plastic packaging, to also provide a readily available bulk alternative to their customers where reasonably possible to do so. i.e. washer fluid
