

# Brampton Accessibility Advisory Committee

Andrew Charles, Supervisor of Planning  
Brampton Transit

February 13, 2024

# AGENDA

1. Transit Capital Improvements
  - Bus Stops & Shelters
2. 2024 Service Plan
  - Public Information Centres
3. Q&A

# Capital Improvements

- Bus Stops:
  - 2,683 Total
  - 2,320 Accessible (86%)
  - 363 Non-Accessible (14%)
  - Estimate 95% by 2032
- Bus Shelters:
  - 1,007 total shelters
    - 876 Conventional, 131 Züm

# Capital Improvements

- 2023 Pad & Shelter Program:
  - 30 non-accessible bus stops were converted to fully accessible bus stops
  - 20 new bus shelters, and 10 replacement bus shelters were installed
- The 2024 Pad & Shelter Program will aim to have a similar number of installations as the 2023 program

# Capital Improvements

- Bramalea Transit Terminal has been reconstructed with new concrete, tactile strips and new signage
- The accessible Pick-up & Drop-off area just south of Bramalea Transit Terminal has provided more options for passengers to access Brampton Transit services

# 2024 Service Plan

- We plan to host Public Information Centres (PIC's) in late February or early March
- Transit staff gather input for review, and determine what changes can be implemented based on approved budget from Council and availability of resources

Welcome to the Brampton Transit  
Public Information Centre  
for the  
Annual Transit Service Plan
