Dear Sir/Madam,

I hope this letter finds you well. I am writing to express my concerns and objections regarding Application no: A-2023-0308, which pertains to the property located at [5 Affusion Road](#). My name is Kanwardeep Gill, and I reside at [8 Affusion Road, Brampton, ON L7A 5G1](#)

I am concerned about the construction of the stairways and below grade entrance since it can d potentially affect the stability of the surrounding soil and demographics of the soil around the area. Also there is already a concern of tenants/owners parking vehicles in a no parking zone

In addition, the construction may disrupt the natural drainage pattern, increasing the risk of water seepage or flooding on my property. Furthermore, construction-induced vibrations could potentially result in structural damages. I kindly request your attention to this matter. I have full trust in the city's decision-making process, aiming to safeguard the interests and safety of all residents within our community.

Should there be a necessity for a Webex call to discuss this matter further, please do not hesitate to reach out. Here are my contact details: Email: , Contact No:

Thank you in advance for your understanding and cooperation.

Yours Sincerely

Kanwardeep Gill
