Subject: Application for minor variance 15 Humberside ave

Jennifer Russell

Paul Soares

4 Humberside ave

Brampton Ontario

L7A 1L3

To Whom It May Concern

this application for minor variance was dated December 6th. I received it by mail December 18th is this some sort of a joke intentionally done so people can't revoke these decisions. And not have enough time to participate in the meeting. The homes on Humberside are single family dwelling homes intended for ONE family not rental units. I opposed strongly and disagree with the permit in question!! With 15 Humberside ave to be transformed in order to house more then one family brings down the value of the entire neighborhood for one. It increase the traffic on the residential streets which is a neighborhood full of children making the roadways unsafe. There is no overnight parking on the streets so there will be more cars that need to be parked. And more bylaw officers called for complaints. Permits of these sorts should only be allowed for the reasoning of a persons handicap not for business . This is one of many homes in this neighborhood that are being transformed as a form of income as a rental property. As there are many that go the route of illegal rentals . If the house was meant to have a separate entrance it would have built with one . I would like to be notified once decisions are made and would like to know why not enough time is allotted for people to actually show up to these meeting as I am sure it is done purposely. See if Patrick Brown would like his next door neighbor to start renting . He is turning Brampton into a dump. Jennifer Russell

Had I not got this letter the day before the meeting I would be there either virtually or in person
