

Report Committee of Adjustment

Filing Date: February 2, 2024

Hearing Date: March 19, 2024

File: A-2024-0022

**Owner/
Applicant:** Adeel Anwar
Pavneet Kaur

Address: 52 Jordensen Drive

Ward: Ward 5

Contact: Emily Mailling, Planning Technician

Recommendations:

That application A-2024-0022 is supportable, subject to the following conditions being imposed:

1. That the extent of the variances be limited to that shown on the sketch attached to the Notice of Decision;
 2. That the below grade entrance shall not be used to access an unregistered second unit;
 3. That drainage on adjacent properties should not be adversely affected;
 4. That failure to comply with and maintain the conditions of the Committee shall render the approval null and void.
-

Background:

Existing Zoning:

The property is zoned 'Residential Semi-Detached A – Special Section 1301 (R2A-1301)', according to By-law 270-2004, as amended.

Requested Variances:

The applicant is requesting the following variances:

1. To permit a proposed exterior stairway leading to a below grade entrance in a required side yard whereas the by-law does not permit exterior stairways constructed below established grade in the required interior side yard; and
2. To permit an interior side yard setback of 0.05 metres to a proposed exterior stairway leading to a below grade entrance, whereas the by-law requires a minimum interior side yard setback of 1.2 metres; except along the common wall lot line where the setback may be zero metres.

Current Situation:

1. Maintains the General Intent and Purpose of the Official Plan

The subject lands are designated 'Residential' in the Official Plan and 'Residential Low Density 2' in the Credit Valley Secondary Plan (Area 45). The requested variances are not considered to have significant impacts within the context of the Official Plan and Secondary Plan policies, and is considered to maintain the general intent and purpose of the Official Plan.

2. Maintains the General Intent and Purpose of the Zoning By-law

Variance 1 is requested to permit a proposed exterior stairway leading to a below grade entrance in a required side yard whereas the by-law does not permit exterior stairways constructed below established grade in the required side yard. Variance 2 is requested to permit an interior side yard setback of 0.05m to a proposed exterior stairway leading to a below grade entrance whereas the by-law requires a minimum interior side yard setback of 1.2m (3.94 ft.).

When completing a review to determine whether the location of a below grade entrance and resulting interior side yard setback are appropriate, Staff look to ensure that its location will not contribute to disturbance onto adjacent properties by way of drainage or access. Despite the setback being reduced to 0.05 metre, access to the rear yard is maintained as the design of the below grade entrance will not impede travel to the rear yard due to the continuous path that is presented. Two step risers are proposed on either side of the entrance which eliminates the need to trespass onto the neighbours' property. Subject to the conditions of approval, Variances 1 and 2 are considered to maintain the general intent and purpose of the Zoning By-law.

3. Desirable for the Appropriate Development of the Land

Variance 1 is requested to permit an exterior stairway leading to a below grade entrance in the side yard whereas this is not permitted in the Zoning By-law. Variance 2 is requested to permit an interior side yard that is less than what is required by the Zoning By-law. Despite the below grade entrance resulting in a reduced interior setback, Staff

are satisfied that with the current proposal as an unobstructed path of travel to and from the front and rear yard is provided due to the construction of two step risers on either side of the entrance. Conditions of approval have also been included noting that the below grade entrance shall not be used to access an unregistered second unit and that drainage on the adjacent properties shall not be adversely affected. Subject to the recommended conditions of approval, Variances 1 and 2 are appropriate for the development of the land.

4. Minor in Nature

The proposed location of the below grade entrance and reduced interior side yard setback are not considered to impact access to the rear yard. The location of the proposed below grade entrance to access the house is appropriate given the site context. The requested variances are not considered to have significant impact on drainage or limit access to the property. Subject to the recommended conditions of approval, Variances 1 and 2 are deemed minor in nature.

Respectfully Submitted,

EMailling
