I would like to vote against Applicant A-2024-0041

We have lived in this wonderful family oriented community for over 25 years now. Both of our children grew up here thriving in this peaceful living community. In the last few years we have welcomed many new young families and it is so nice to see lots of young children again out riding their bikes, playing road hockey etc.

The location of #4 Alderway is already a busy corner especially during the school year with so many cars coming and going to pick children up. Adding additional parking will only add more cars to the problem and danger to our children.

This is a single -family dwelling community. To allow a three unit dwelling, especially when the owners of the property will not be living there, opens the door to future investor driven properties rather than the family oriented homes we now have.

Please, I respectfully urge you to decline this permit for a three unit dwelling
