Subject: Application for an Official Plan and Zoning By-law Amendment - City File # OZS-2024-0002

Hello:

We have a few questions regarding a notice that was posted in our building at [REDACTED]
[REDACTED] regarding the development of a 39-Storey residential building.

We would like to attending this meeting scheduled for 7 p.m. on Monday, April 8 and it appears that there is an option to attend this council chamber meeting virtually. There is a link on the notice and I want to make sure this is how we attend.

We have one question regarding the development and are not sure where to submit the question. We do not wish to speak, but would like this question addressed.

In case this is the right email address to send the question, here it is:

Presently, the existing apartment buildings on the development site at 123 and 125 Railroad Street have approximately 130 parking spaces on the parking lot, not including visitor parking. If this development is given the go-ahead, it is being built on this parking lot. Where will the residents of 123 and 125 Railroad park for the duration of the construction?

Thank you for your consideration.

Sincerely,
Cathy and Bill Rupik
