Re: Minor Variance Application - Deferral Request
A-2024-0071
9353 Winston Churchill Boulevard
City of Brampton, Region of Peel

Glen Schnarr & Associates Inc. (GSAI) are the planning consultants for 1212949 Ontario Inc., the registered owner of 9353 Winston Churchill Boulevard, as well as Band World Mobile Stages Inc., current tenant of the subject property. Please accept this deferral request for minor variance application A-2024-0071, currently scheduled for the April 23, 2024 Committee date.

Following discussion with City staff and the CVC, we understand that site staking and a post-staking survey are required to delineate the environmental features on site and the accurate limit of development. We understand this additional information will assist City staff and the CVC in their review of our application and look forwarding to returning once there has been a further opportunity for review. We are currently targeting the July 19th Committee date.

Respectfully submitted,
GLEN SCHNARR & ASSOCIATES INC.
