Hi I have a few questions that I would like to be asked at the meeting. What impact will the construction have on parking for current residents. Will the new construction cause there to be less parking spaces, if yes what provision will be made to replace the spaces. How much noise are we expect. What time will construction start each day. How long is construction expected to take.

These are my questions I would like to be asked and answered took. Thank you. Please can you confirm that you received this email. [REDACTED]
