Hi

I plan on attending the COA meeting On May 21 at 9:30.

My name is Jackie McCann  
My address is 19 Kingsview Brampton L6Y 1C5  
Application # A-2024-0041

You have my permission to post my correspondence.

I'm not in favour of this application for the following reasons.

Safety and concern of the school children that attend Ridgeview Public School, there are no sidewalks on Alderway and adding more cars and an increased traffic flow will only put the children at more risk of being struck by a vehicle at drop off and pick up times.

Extending the driveway will damage the root system and possibly destroy the existing mature Danish Elm tree.

The setbacks for the proposed exterior stairwell are NOT minor and will only downgrade the overall appearance of the home and neighbourhood. Should we not strive to build and maintain neighbourhoods free of eye sores .

Jackie McCann
