Metropolitan  
University

School of  
Medicine

# The Journey to 2025 Launch

We are on track to welcome our first group of medical learners in 2025:

- 105 residents (July 2025)
- 94 MD students (September 2025)

Today, we will:

- Share major milestones to date
- Outline the path forward

**Our Clinical Affiliations will ensure we can deliver high-quality placements and celebrate primary care.**

# We will deliver on our promise to build an innovative, state-of-the-art medical school.

- Advancing our plans to leverage emerging technologies (e.g. high-tech anatomy labs and high fidelity simulation labs)
- Currently hiring thread lead responsible for weaving digital health throughout MD curriculum
- Continuing development of fully competency-based MD curriculum

**Our building will be ready to welcome medical school learners**

# Our building will be ready to welcome medical school learners

## **Our Integrated Health Centre (IHC) will increase primary care access.**

- Team-based clinic providing interprofessional care
- Opening in School of Medicine building in 2025 and delivering primary care to Brampton residents
- Will support School of Medicine's academic mission by serving as primary teaching site and facilitating leading-edge research
- Envisioned as first step in building system with capacity to reach over 100,000 residents

# Our accreditation process is proceeding on schedule.

## MD Program

- TMU officially recognized as candidate school by the Committee on Accreditation of Canadian Medical Schools (CACMS)
- Completing site visit in June as next step in accreditation process
- Expecting decision from CACMS in Sept; MD applications to open in Oct pending preliminary accreditation for Sept 2025 start

# Our accreditation process is proceeding on schedule.

## Residency Programs

- TMU officially recognized as Canada's 18th accredited Postgraduate Medical Education Office
- Pursuing accreditation for 17 residency programs
  - 7 Family Medicine and Family Medicine-Enhanced Skills
  - 10 high-demand specialties (e.g. Emergency Medicine, Geriatrics)
- Expecting accreditation decision in coming days for July 2025 start

# The path ahead is well-defined.

- Implementing strategic and operational plans
- Continuing to build out faculty and staff teams
- Hiring for key roles (e.g. Interim Assistant Dean, Learner Progress)
- Continuing to build awareness of the School of Medicine in Brampton and beyond
