Date Application Deemed Complete by the Municipality

NOTES:

1. If this application is signed by an agent or solicitor on behalf of the applicant, the owner's written authorization must accompany this application. If the applicant is a Corporation acting without agent or solicitor, the application must be signed by an Officer of the Corporation with a declaration indicating that the said Officer has the authority to bind the Corporation. If the application is signed by an agent or solicitor on behalf of the applicant who is a Corporation, the applicant's written authorization must accompany this application and must be signed by an Officer of the Corporation with a declaration indicating that the said Officer has the authority to bind the Corporation.
2. Each copy of the application must be accompanied by a sketch **and a key map** showing the location of the subject land
3. Sketches or reproductions are to be no larger than Legal Size. Application plans which are larger may be submitted provided at least **one reproduction** reduced to Legal Size is filed with the application.
4. Where it is determined that a sketch will not adequately provide the information required, it may be necessary to provide a plan prepared by an Ontario Land Surveyor.
5. The sketch shall show
 - a) the boundaries and dimensions of any land abutting the subject land that is owned by the owner of the subject land;
 - b) the approximate distance between the subject land and the nearest township lot line or landmark such as a bridge or railway crossing;
 - c) the boundaries and dimensions of the subject land, the part that is to be severed (shown in double hatch lines XXXX) and the part that is to be retained (shown in single hatched lines ////);
 - d) the location of all land previously severed from the parcel originally acquired by the current owner of the subject land;
 - e) the approximate location of all natural and artificial features on the subject land and on the land that is adjacent to the subject land that, in the opinion of the applicant may affect the application, such as buildings, railways, roads, watercourses, drainage ditches, river or stream banks, wetlands, wooded areas, wells and septic tanks;
 - f) the existing uses on adjacent land, such as residential, agricultural and commercial uses;
 - g) the location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
 - h) if access to the subject land is by water only, the location of the parking and boat docking facilities to be used;
 - i) the location and nature of any easement affecting the subject land; a
 - j) if a natural or artificial feature is to be the proposed new property line or part thereof, identify the feature(s) as such on the sketch.
6. It is required that **1 original copy** of this application be filed, together with **2 copies** of the sketch described in item 2 above, with the Secretary-Treasurer, accompanied by the applicable fee.

APPOINTMENT AND AUTHORIZATION OF AGENT(S)

To: The Committee of Adjustment, City of Brampton,

I, SF Coleraine Holdings Ltd. _____,
(Please print or type full name of the owner)

the undersigned, hereby appoint and authorize/have appointed and authorized as my agent(s) for the purpose of:

1. Signing and filing the application(s) on behalf of the undersigned;
1. Glen Schnarr and Associates Inc. c/o Patrick Pearson _____ ;
(Please print or type full name(s) of the agent(s) or the firm or corporation name. Add a separate sheet if necessary.)
2. Representing the undersigned before the Committee of Adjustment,
2. Glen Schnarr and Associates Inc. c/o Patrick Pearson _____ ;
(Please print or type full name(s) of the agent(s) or the firm or corporation name. Add a separate sheet if necessary.)
3. Acting on behalf of the owner with respect to all matters related to the application, including but not limited to fulfilling conditions and acquiring the Secretary-Treasurer's Certificate,
3. Glen Schnarr and Associates Inc. c/o Patrick Pearson _____ ;
(Please print or type full name(s) of the agent(s) or the firm or corporation name. Add a separate sheet if necessary.)

AND, I do hereby declare and confirm that I am the (an) owner of the land to which this application relates;

AND, I do hereby ratify, confirm and adopt as my own, the act(s), representation(s), reply (replies) and commitment(s) made on my behalf by the said agent(s).

Dated this 6th day of March, 2024.

(Signature of the owner, or where the owner is a firm or corporation, the signing officer of the owner.)

David Carreiro

(Where the owner is a firm or corporation, please type or print the full name of the person signing.)

NOTES:

1. If the owner is a corporation, this appointment and authorization shall include the statement that the person signing this appointment and authorization has authority to bind the corporation (or alternatively, the corporate seal shall be affixed hereto).
2. If there is more than one owner, **all owners** shall complete and sign **individual** appointment and authorization forms.
3. If the agent is a firm or corporation, specify whether all members of the firm or corporation are appointed or, if not, specify by name(s) the person(s) of the firm or corporation that are appointed.

Re: Consent Application
PIN: 142130079 & 142130078
City of Brampton
Regional Municipality of Peel

Ms. Vani,

Glen Schnarr & Associates Inc. (GSAI) has been retained by First Gulf under the legal name SF Coleraine Holdings Ltd. (the 'Property Owners') to facilitate a Consent Application for the lands legally described as *Part Lot 13, Concession 11 ND Toronto Gore as in VS284857 & Part Lot 13, Concession 11 ND Toronto Gore as in VS125379* (the 'Subject Lands' or 'Site'), in the City of Brampton, Regional Municipality of Peel. For context, the Property Owners also own the parcel of land immediately to the south of the Site (shown on the Consent Sketch as 'Lands Owned by the Applicant'). While these lands are technically separate parcels, the Property Owners are currently advancing a Zoning By-law Amendment and Draft Plan of Subdivision application to facilitate an industrial development on both these parcels. It is anticipated that these two parcels will be merged through the Zoning By-law Amendment and Draft Plan of Subdivision application process.

This Consent application is being pursued to help facilitate the registration of the industrial Draft Plan of Subdivision (City File No.: C11E15.002) located immediately to the north of the Subject Lands (herein referred to as the 'Adjacent Subdivision Lands'). The Adjacent Subdivision Lands are owned by Orlando Corporation under the legal name Heartland (Two) Limited. (the 'Adjacent Land Owners'). In order for Orlando Corporation to register their Draft Plan of Subdivision, they are obligated to acquire and dedicate the future Stormwater Management Pond Lands to the City of Brampton (refer to the Consent Sketch for details of the location of the SWM Pond to be dedicated).

This Consent Application will provide the Adjacent Land Owners with the ability to acquire and convey the SWM Pond lands (currently located on the Subject Lands) to the City, which in turn

allow them to fulfill their Draft Plan of Subdivision registration obligations. Moreover, this Consent Application could also help facilitate the conveyance of the Rainbow Creek lands (also delineated in the Consent Sketch) to the City of Brampton.

We recognize that this Consent Application will create a lot that technically will not have frontage onto a street. This is intended to be an interim condition until such time that the Coleraine Drive extension is formally constructed. In the interim, the Property Owner is supportive of establishing an access easement that will traverse the future Coleraine Drive extension Right-of-Way, which will provide access to the SWM Pond lands to the City. The future access easement has been provided on the Consent Sketch for staff's reference. However, it should be noted that we do not anticipate the proposed access easement will be required 1 day beyond 21 years, therefore this future application should not be subject to the Planning Act, but rather a private easement agreement between the City and the Property Owner.

Through a zoning review undertaken by City staff, it was determined no Minor Variance(s) would be required to facilitate the proposed lot creation(s).

Details on the proposed applications are outlined below.

Site Context

The Subject Lands are generally rectangular in shape and have a frontage of approximately 150.28 metres (493.04 feet) along Coleraine Drive. The Site has a gross site area of 10.11 hectares (15.72 acres) and is currently vacant. The general area in which the Subject Lands are located is anticipated for future growth, particularly for employment-related uses.

The Subject Lands are designated "Industrial" and 'Open Space' with an overlay of 'Special Study Area' on Schedule A, General Land Use Designations of the City of Brampton Official Plan. The Subject Lands are situated within the Highway 427 Industrial Secondary Plan Area 47 (SPA47) as defined by the Brampton Official Plan and designated 'Logistic/Warehouse/Transportation', 'Valleyland', and 'Medium Density Residential'. The Secondary Plan identifies future arterial roads that are planned to traverse the Subject Lands. The Subject Lands are zoned 'Agricultural (A)' in the City of Brampton Zoning By-law 270-2004.

SEVERANCE:

The Property Owners are currently advancing a Zoning By-law Amendment and Draft Plan of Subdivision application on the Subject Lands to facilitate the development of three (3) industrial buildings, and a stormwater management facility (City File No.: 2020-0113). This application is currently being reviewed by City staff and we intend to advance these applications concurrently.

The proposed Consent Application seeks permission to sever the Subject Lands into two (2) parcels – shown as 'Lands to be Severed' & 'Lands to be Retained' on the Consent Sketch enclosed in the submission package. While the Lands to be Retained may appear to be two separate parcels, there is a 0.46-meter gap between the pinch point between the southern limit of the Lands to be Severed and the Lands Owned by the Applicant. Labels have also been included on the Consent

Sketch to demonstrate the intended future uses of the Lands to be Severed (Employment Lands, Rainbow Creek Lands, and Stormwater Management Pond Lands).

As discussed above, this application is intended to aid the Adjacent Land Owners in dedicating the future Stormwater Management Pond lands to the City of Brampton to fulfill their Draft Plan of Subdivision registration obligations. Upon approval of this Consent Application, we anticipate the Rainbow Creek and Stormwater Management Pond lands will be dedicated to the City by way of a Registered Reference Plan. Furthermore, we would like to request a meeting with City and Regional staff once the Consent Application has been circulated to discuss the strategy of dedicating the Rainbow Creek and Stormwater Management Pond lands noted above to the City.

Consent Statistics

- Lands to be Severed – 3.75 ha (9.27 ac)
- Lands to be Retained – 6.36 ha (15.72 ac)
- Total Area – 10.11 ha (24.72 ac)

Planning Rationale:

Planning Act

While this application is a Consent under Section 53 of the *Planning Act*, the determination of whether the approval of the Consent should be granted is noted in Section 53(12). Section 53(12) notes that the granting of approval is based on whether there is sufficient regard for the matters under Section 51(24). In our opinion, the proposed severance does have regard for the matters set out in Section 51(24) of the *Planning Act* as follows:

The Severance Satisfies Provincial Interests

The proposal implements applicable Provincial policies which encourage employment opportunities, the preservation of the natural environment, and the efficient use of existing and planned infrastructure. The Proposal is consistent with the policies of the Provincial Policy Statement ('PPS'), 2020 and conforms to the policies of A Place to Grow: Growth Plan for the Greater Golden Horseshoe, 2020.

The Severance Is Not Premature

The proposal satisfies the current and growing demand for employment opportunities within the City of Brampton in a manner that is consistent with the City Structure as it will aid the Adjacent Land Owners in meeting their obligations for their Draft Plan of Subdivision registration. We feel that the Consent Application process is the appropriate vehicle for the proposed severance and a Plan of Subdivision is not required. Based on the above, the Application is not premature.

The Severance Conforms to The Official Plan and Adjacent Subdivisions

The Brampton Official Plan describes 'Industrial' as areas where employment-related development is to be encouraged and as such, a range of employment-related uses and built forms

are permitted. Open Space areas are intended to be preserved and development is not permitted in these areas. The proposal complies with the Official Plan's development criteria for 'Industrial' and 'Open Space' areas. Additionally, the new Lot being proposed is in keeping with the existing and planned vision for the surrounding community. Therefore, it is our opinion that the proposed severance complies with the policies of the Official Plan.

The Dimensions and Shapes of The Proposed Lots Are Appropriate

The dimensions and shape of the proposed Lots reflect the existing conditions and evolving lotting pattern in the Highway 427 Industrial Secondary Plan area. While the Subject Lands are currently zoned as Agricultural, an application is currently being reviewed by the City which intends to re-zone the Subject Lands to Industrial 4 (M4). The minimum Lot width requirements of 30 meters in the M4 zone will be met for the Lands to be Severed & Lands to be Retained. The lots are therefore not out of character and are appropriate.

No Unreasonable Restrictions Will Apply to The Severed Lots or Adjacent Lands

Any required easements related to future access will be secured as needed. The conceptual location of the future access easement is shown on the Consent Sketch. Servicing has been fully examined through review and approval of the adjacent Draft Plan of Subdivision application. No unreasonable restrictions will apply to the severed lot or adjacent lots.

The Proposed Severance Will Have No Impact on Existing Utilities, Municipal Services

The proposed severance will facilitate the dedication of the Stormwater Management Pond to the City, which will allow for the servicing of the surrounding area. As noted earlier, the Property Owner will enter into future easement agreements with the City of Brampton to facilitate access requirements. The proposal will aid in the future servicing of the surrounding lands. The proposal will not have negative impacts on the municipal services in the area.

No Lands Conveyed for Public Purposes

As mentioned earlier, this Consent Application will aid in facilitating the purchase and sale of the Lands to be Severed to the Adjacent Land Owners. The transfer of the Lands to be Severed will aid the Adjacent Land Owners in dedicating the Stormwater Management Pond lands to the City of Brampton. We anticipate these lands will be dedicated to the City by way of a Registered Reference Plan. This dedication is not anticipated to be part of the enclosed Consent Application as the future Stormwater Management Pond lands dedication will be dedicated by way of a Reference Plan.

The Plan's Design Optimizes the Available Supply, Means of Supply, Efficient Use and Conservation of Energy

To the greatest extent possible, future development will be in keeping with the requirements of the Ontario Building Code, as amended.

Conclusion:

As described above, the criteria of Section 51(24) of the Planning Act were considered in preparation of the Consent Application, and in this regard, the criteria have been satisfied. We respectfully request the Committee approve the above-noted Consent application to help facilitate future employment development within the City of Brampton.

In support of these applications, please find enclosed the following:

- One (1) digital copy of the Committee of Adjustment Application Form for the Consent Application;
- One (1) digital copy of the Consent Sketch, prepared by GSAI, dated April 16th, 2024;
- Payment of full application fees will be provided once the Applications are accepted.

If you require any further information, please do not hesitate to contact the undersigned.

Yours very truly,
