**RE: Minor Variance Application
9445 Airport Rd
SPA-2024-0003**

Dear Ms. Vani,

Pala Holdings Limited (Orlando Corporation) owns the lands municipally known as 9445 Airport Road and we are seeking a minor variance for relief from the following site-specific Zoning Bylaw 1512 (225-2005) regulations:

1. Proposed Front Yard setback of 21.44m whereas 24.5m is required to the overhang and Proposed Front Yard setback of 24.29m whereas 25m is required to the building;
2. Proposed Side Yard setback of 25.46m whereas 30m is required;
3. Proposed Rear Yard setback of 11.82m whereas 20m is required;
4. Proposed Landscape buffer along Airport Road of 14.77m whereas 15m is required;
5. Proposed Landscape buffer along William's Parkway of 9.47m whereas 15m is required;
6. Proposed Outside storage (Truck Parking) on the East side of the site whereas Outside Storage of goods, materials and equipment, including overside motor vehicles is not permitted; and,
7. Proposed parking rate of 350 spaces whereas 883 spaces are required.

Through the Site Plan Application SPA-2024-0003 we are proposing to construct a new 48,548.90 square metre (522,576 sq ft) industrial building at the subject lands. The existing site-specific Zoning Bylaw 1512 (225-2005) provides regulations which were tailored for a specific user to the site, while the overall zoning designation is M4 Industrial. The existing building on site is in the process of be demolished as per the approved demolition permit. The requested variances will permit the construction of an industrial building that would meet the requirements of the M4 Industrial Zoning Designation, consistent with the neighbouring industrial buildings.

A TIS prepared by C.F. Crozier & Associates Inc. prepared in April 2024 has been circulated with the site plan application. The TIS supports the proposed reduction in parking supply, shows that the site will be providing a surplus of 180 parking spaces on the site based on information from surrogate sites analyzed throughout the Greater Toronto Area.

We believe that the minor variance application meets the four tests as prescribed under the Planning Act:

1. The proposed use of the subject lands is consistent with the City of Brampton Official Plan and furthers the objectives of the Employment Designation.
2. The proposed use of the subject lands is consistent with the designated M4-Industrial zoning as per the City of Brampton Zoning Bylaw.
3. The proposed use and variances would be consistent and compatible with the surrounding land uses. The reduction of parking is supported by the TIS prepared by C.F. Crozier & Associates Inc. prepared in April 2024, and the parking rate proposed is consistent with M4 zoning designations.
4. The proposed variances are minor in nature as the variances would meet the requirements under a typical M4 Industrial designation. Further, the City of Brampton is currently undergoing a review of their Zoning Bylaw which would allow for opportunities to remove the site-specific zoning designation on this property in the future.

The following plans and information have been provided in this submission for your review and circulation:

- Completed Committee of Adjustment Variance Application
- Application Fee – Cheque in the amount of \$2,838.00
- Site Plan A1.0a, revised to May 6, 2024
