ref above meeting, please note my comments.

I have strong objection to any additional residential unit being added to 78 giraffe avenue.

i live in 58 giraffe avenue which is next door to number 78.

for the last 3 years the residence is already overcrowded with numerous people living in the basement.

cars are parked outside my house and people come and go at all times.

any additional residential unit will be absolute nuisance for me and other neighbours.

you have my permission to post my comments on the agenda.
