We are Paul and Ann Anderson, residing at 96 Twin Willow Crescent, Brampton, ON, L7A 1K2.

We are providing permission to include this correspondence on the agenda for the captioned application. ([A-2024-0144](#))

We have received communication from the City of Brampton concerning our neighbors Angelo and Maria Paparelli. Please forgive our delay in responding, as we had a family situation that required our attention.

As it concerns our common boundary line, we support our neighbors in being able to utilize their yard space for a covered porch. We have a shared understanding that run-off water will be diverted to the appropriate channel. We have reached out to a landscaper for advice and unfortunately he is not able to meet with both families ahead of the hearing . We are aware that we can connect with the City for guidance if the need arises in the future.

Thank you for your kind understanding.

Kind regards,

Paul & Ann Anderson
