Good Evening,

Application Number: A-2024-0151

**I do not wish for this application to be put through for the following reasons:**

As per the drawing attached to the paperwork, this household already has an existing walkout basement and a front entrance.

I strongly believe that if this is passed, the owners may only get a permit for (one)1 basement rental unit but will rent the remaining portion out illegally to multiple people which will increase the traffic in our neighbourhood. Our neighbourhood is already congested as it is. Finally, I strongly believe that the applicants may put an application into to widening their driveway by curbing cutting.

As well as, can you please explain in further detail why the applicants are requesting for a (third) 3 entrance?

If this matter ends up going through the appeal process, I would like to be notified ASAP.

Authorization granted.
