> There is a sign in regard to a variance application for 82 Bartely Bull. To allow this house to be made larger would only create more of a problem that already exists with this residence. It is one of about 6 houses altogether that have multiple students living in them. There are about 8 to 10 cars per driveway and on the street quite often and they race on Bartley Bull. Garbage is always lying around and the property standards are terrible. To allow this would just continue to have families exit this neighbourhood. Many don't feel safe in their own neighborhood. The neighbourhood is turning into rentals. I have lived here for 40 years and investors are coming in and just taking advantage and don't care about the community. It is very sad.

> Please do not permit this variance. It will only allow the investor to put in more students, not families.

>

> Thank you.

I give my permission to post to the agenda
