**PETITION TO THE HOUSE OF COMMONS
(AND THE CITY OF BRAMPTON ONTARIO CANADA)**

We the undersigned residents of the City of Brampton, Ontario Canada draw attention to the House of Commons of the following:

Where as;

- The city of Brampton is putting the safety of our children at risk, by implementing all-inclusive change-rooms in it's recreation centres, and removing our separate, safe, family change-rooms.
- There have been several incidents where grown men have exposed themselves to innocent children between the ages of 5 and 9.
- Pre-teens/teens who are old enough to enter on their own, are also at risk of being in danger of sexual assault by predators hiding within the stalls.
- The City of Brampton has opened the door to indecent exposure, and possible assault, which are a criminal offense, by removing our separate, safe, family change-rooms within recreation centres, and replacing them with the "all-inclusive" change-rooms, putting our children at risk.

Therefore;

We the undersigned residents and citizens of Canada within the city of Brampton call upon the Ward Councillors, and Mayor of Brampton, as well as the House of Commons to return our separate family change-rooms in our recreation centres, to ensure the safety of our children and families, and protect our children from these dangerous and disgusting acts. We firmly request these new renovations, and the implementation of this new policy by our city, and province, be halted to ensure the safety of our children, their mental health, and their well-being.
