Committee of Adjustments

City of Brampton

**Re: Application A-2024-01-09, 227 and 229 Main Street South (COA Meeting July 16, 2024)**

I would like to express my concern regarding the new development proposal

1. The green space is important and does not want the developer to reduce that.
2. The 45 degree angular plane, to a maximum height of 76 meters is important not to exceed
3. Reduction of parking spaces will result in an increase of traffic on our street.

I give my authorization to post this email on the agenda of the Committee of Adjustments Meeting, with my full name and mailing address, but without my phone number or email address.

Ashvin
