This Email is regarding:

Application Number    A-2024-0216  
Address:                53 Harper Road  
Legal Description:     Plan 625, Lot 339, Ward 3

We received the Public Meeting Notice re above application and would like to provide our comments.

We are not in agreement to the above noted application. The addition of such a high fence in the proposed area (adjacent to our front yard) would cause serious issues such as:

1. It will obstruct our view of oncoming traffic on Bartley Bull Parkway every time we back out of our driveway, making it more dangerous.
2. It will affect the visibility of vehicles, bicycles, etc. travelling along Bartley Bull Parkway and turning onto Harper Road.
3. The view from the Stop Sign at Harper Road will be obstructed by this fence making it difficult to see oncoming traffic on Bartley Bull Parkway and making it dangerous for vehicles to turn onto Bartley Bull Parkway.
4. The visual appearance of a large fence at this location is also a major concern because it will:
  - a. Affect the appearance of our home
  - b. Restrict our view from inside and outside our home
  - c. Will make the front of our home appear darker

We have lived in our home for almost 3 decades during which time there has never been a fence on that corner. We believe that a high fence will be a detriment to the appearance of our neighbourhood.

Thank you for your consideration.

Regards,

Home Owners: Brendon St. George and Kathy St. George

Address: 230 Bartley Bull Parkway, Brampton, ON L6W 2L1

Yes we authorize our comments be posted on the agenda.
