To whom it may concern,

I received a notice of Application for Minor Variance at 20 McCleave Crescent so I am providing my comments on this application.

By-laws are in place for a reason and it appears that this property is requesting permission after the fact for their exterior stairway and driveway widening.

The purpose of the City is to uphold the bylaws including enforcement which means rejecting this request for a variance.

You may include my correspondence on the agenda with the exception of my email address.
