**Subject:** Oppose to City File # OZS-2024-0039 Location 9379 Clarkway ward 10

Dear City of Brampton Planning Department,

I am writing to express my strong opposition to the application by Blackthorn Development Corp to amend the official plan and zoning by-law for 9379 Clarkway Drive in Ward 10.

I am living [REDACTED] which is neighbour street of propose site.

Below is my points for opposing:

1. Clarkway Drive is small street with overwhelming with high traffic. We frequ see accidents
2. Increase in noise traffic
3. I am facing parking issue while dropping and picking children from school

4. Already local schools class size at full capacity, multiple PoDs are in use to accommodate students And students will not get proper attention which will impact the quality of education. Schools are over crowded.

5. Lack of green space in area. At one side govt. Imposing carbon tax and other side planning to cut green space. Green space absorbing noise pollution as well. I kindly requesting to preserve green space

6. our community is also experiencing a strain on local amenities, such as grocery stores and banks, due to the high population density. Introducing high-rise buildings would only add more frustration and congestion to our daily lives.

6. No Garden on our side of residents area, kids needs to cross road to go in park. You can make park in this green space.

7. While construction is in place , lot of noise and dirt in the air which will have negative impact on children and residents health.

For all the reasons stated above, I strongly urge the City of Brampton to reject the application to amend the zoning by-law for 9379 Clarkway Drive.

Thank you for considering my concerns.

Sincerely,

Ritesh Gandhi
