Subject: [EXTERNAL]Objection

Hi

I received the letter of amendment to the Official plan and zoning by-laws. I want to inform you that I strongly object to the new amendments on a number of bases. The new proposal would increase population density in the area, leading to a number of problems including traffic and noise. We chose this area because it was low density according to site plans. Adding units would significantly raise population in the area and revenue for the builders, but only negatively impact our comfort and lifestyle.

Sincerely,
Hamid and Fariha Ahmad.
