To whom it may concern

EFry Hope and Help for Women -We are withdrawing our application for requested minor variance for 30 Ellen Street Brampton L6V 1J6, as a result of findings provided by the TRC. It was noted that upon further review, there are no areas on the property outside of the hydraulic floodway as the flood depths surpass the maximum depth for low risk conditions (0.77 m for the regional event). TRCA policy, specifically 8.5.1.7 states that "garages... may be permitted within the flood hazard where it can be demonstrated the proposed works are not within the hydraulic floodway" (page 131, as attached).

Unfortunately, this policy cannot be satisfied. As such, a TRCA permit cannot be supported for the proposed garage on the subject property as it would increase the 'risk to life and property' associated with a flood hazard, therefore building of planned garage cannot be purposed, therefore we are withdrawing application for this variance.

Respectfully.

Lisa Zanon(she/her)

Property and Development Manager /Responsable immobilier et développement
