NOTE: It is required that this application be filed with the Secretary-Treasurer of the Committee of Adjustment and be accompanied by the applicable fee.

The undersigned hereby applies to the Committee of Adjustment for the City of Brampton under section 45 of the Planning Act, 1990, for relief as described in this application from By-Law 270-2004.

3. **Nature and extent of relief applied for (variances requested):**

We request this relief to maintain the driveway and walkway currently in place since 2015. This driveway replaced an interlocking brick driveway of the same size. The current driveway/walkway exceeds the City of Brampton by-law by 1.524 metres. The current driveway/walkway is an asphalt driveway surrounded by a poured concrete walkway that includes the front porch, front steps, raised porch and wraps down the side of the home on the North side of the property. This pour concrete walkway is finished with coloured exposed aggregate concrete.
4. **Why is it not possible to comply with the provisions of the by-law?**

We request this relief as removing the concrete that exceeds the allotted space due to financial hardship. The estimate to remove the concrete and fill in the area with sod is approximately \$2500.00. Also, removal of the concrete that exceeds the by-law would create a less desirable curb appeal for the property/community as it is one poured concrete area connecting the side walkway of the driveway to the front porch and steps to the door.
