**Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.**

To whom it may concern:

I am resident of [REDACTED], Brampton, On, [REDACTED].

I object to adoption of any plan to amend the Official Plan in order to develop 98 single detached homes, 60 townhouses and 170 units 10 story apartment building in my neighbourhood. This area was reserved for executive homes and should leave the plan as originally approved.

**With respect to stormwater management**, I hereby, submit Clarkway tributary flood pictures at my property location, [REDACTED]. Please find attached flood pictures file named [REDACTED] to be provided as part of the presentation.

Consider design of a lake for stormwater management at the proposed 10484 Clarkway drive development site, instead of a stormwater pond.

Flooding has been regular occurrence at my property and flow of storm water through the proposed 10484 Clarkway drive development site is of my great concern.

I request to be notified of the decision.

Please and thanks

Vijay Baghi
