RE: Application A-2024-0352 & B2024-0015

I am the abutting property to this proposed large project at Main Street , Nelson Street and Church Street, which shows me as Lot 86 in the drawings.

To clarify, I am shown as a commercial property however I am zoned a commercial/residential property, not just commercial.

Due to receiving both letters of application with such little time to review them, I am requesting more time from the Committee to be able to meet with City Staff. These Variances requested do not seem minor in nature considering the proximity of my property.

I would like to get some clarity on what exactly is being proposed in these applications and how any proposed metre variances would affect my dwelling and property respectively.

I am also concerned about how intense vibrations and shoring will affect my foundation or any shifting or damage to my property.

Furthermore, In trying to discuss this application with my neighbour, which is also an abutting property, he has informed me that he hasn't received any such Applications for Minor Variance in the mail to date.

Thank you,

Charlene Borg

Yes, you have my authorization to post my correspondence to the revised agenda .

Please direct me to the appropriate City Staff member so I can set up a meeting with them. The Committee of Adjustment meets on October 15th in Council Chambers regarding this matter and I would like to meet with Staff before this date so I can gain clarity on the aforementioned correspondence.

Thank you kindly,

Charlene
