**Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.**

Dear Sir/Madam

This refers to your subject notice. As a resident of this area, I strongly object to any use of [155 Salvation Road](#) for commercial or business purposes. This would create inconveniences to the residents of this peaceful residential area in Brampton. The inconveniences will only increase with time as this permission will open flood gates for other commercial entities to set up their own offices, business centres etc.

Already there are serious complaints lodged with the authorities against owners of 155 Salvation Road for encroachment of public land, irreparable damage caused to heritage building, illegal cutting of trees, dumping of debris, etc. Further, a request is also pending for provision of a pathway between Rowland Street and Salvation Road which is being blocked by this property.

I hope to have your positive response in refusal of the permit and strong actions against the owners under the Rules.

Thank you.

Sincerely

Zakeria Noorani

Ms Clara Vani

Secretary Treasurer,

Committee of Adjustment

City of Brampton

Dear Madam

Thanks for your below email. I do authorize you to post my correspondence to the revised agenda, if required. My name and relevant address are given below.

However, I hope that my details will be kept confidential from those involved, to avoid any negative repercussions for me and my family. I have just made this request in best interests of the residents, which is backed by actual and undeniable facts .. and is not just my personal opinion.

With thanks & regards

Zakeria Noorani
