Subject: [EXTERNAL]Public Meeting Notice Comments

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

To Whomever This May Concern,

I am emailing in regards a public meeting notice that I received to give my comments on a certain application. My name is Jaswinder Banga and my address is . The property address I am commenting on is 14 Benjamin Thorne Road and the application # is A-2024-0380. My husband, Manjit Banga, and I do not have any complaints on the extension of this property's deck. However as property owners who legally obtained permits and went through the whole process legally to build their own deck we would also like to be able to extend our own deck to that area length. When we wanted to build our deck the city said we were not allowed to extend it by a certain point even though we wanted to create a larger deck, but we had to follow the legal parameters. We also spent a lot of money to legally obtain permits. So that is why we are asking that we also be allowed to extend our deck. We give our consent for our comments to be shared at the public meeting and posted on the agenda.

Thank You
Jaswinder Banga
