Village Green Co-op's Petition for a Noise Wall

Village Green has been an established Non-Profit Co-op for over 40 years. As members of Village Green Co-op who lives along Steeles Ave, Brampton, Ontario, Canada, we are increasingly disturbed by excessive noise and exhaust fumes, which is known as to cause lung cancer, and is continuous 24/7. The noise has only intensified in the past 3 years since the establishment of the apartment buildings on the south side of Steeles Avenue. This unceasing disturbance has led to undue stress and has severely affected our quality of life. Statistics indicated that prolonged exposure to high levels of noise can significantly impact citizens mental and physical health (example World Health Organization) therefore we are not requesting a noise barrier for the sake of peace, but for the well being of our health and for our community.

Since construction has started at Steeles Ave. And Malta Ave., the noise and disruption has only increased we urge local authorities to take prompt action in helping Village Green Co-op form a noise wall along Steeles Avenue. This one measure can significantly reduce the noise reaching our homes and re-instate the peace and tranquility that we deserve.

Please keep in mind that these buildings are not occupied at this point. We have been fighting this for more than 20 years. At that point, Steeles Avenue was only a 4 lane roadway. Please consider our Human Rights not just the developers.

Village Green Co-op's Petition for a Noise Wall

As members of Village Green Co-op who live along Steeles Avenue, Brampton, ON, Canada, we are increasingly disturbed by the excessive noise from the bustling traffic of Steeles Avenue. With the ever-increasing proliferation of vehicles, the noise has only intensified, intruding into our homes and disrupting our daily lives. This unceasing disturbance has led to undue stress and has severely affected our quality of life.

Statistics indicate that prolonged exposure to high levels of noise can significantly impact citizens' mental and physical health (cite: World Health Organization). Therefore, we are not only requesting a noise barrier for the sake of peace, but for the well-being of our community.

Since construction has started at Steeles Avenue and Malta Avenue, the noise and disruption has only increased. We urge local authorities to take prompt action in helping Village Green Co-op form ~~of~~ a noise wall along Steeles Avenue. This one measure can significantly reduce the noise reaching our homes and reinstate the peace and tranquility that we are yearning for.

Join us, the members of Village Green Co-op, in signing this petition to construct a noise wall on Steeles Avenue. Let's bring back peace into our homes. Sign this petition.
