To: Committee of Adjustment  
City of Brampton  
Attention: Clara Vani / Secretary-Treasure

Please consider this letter as a formal request to defer our minor variance application (Application No. A-2022-0268) for the property located at 2267 Embleton Rd. We kindly ask that the application be deferred from its current schedule in December 2024 to no later than December 2025.

This request is made to allow us adequate time to align with the outcomes of our ongoing Site Plan Approval (SPA) application. We believe this coordination will help ensure a comprehensive and cohesive approach to the development process of our project.

We sincerely apologize for any inconvenience this adjustment may cause and greatly appreciate your understanding and consideration.

Sami Abu Shanb
