

MOTION: SAFER DRIVERS = SAFER ROADS, a call for the Provincial Government to act

Moved by: Santos; Seconded by: Singh

Whereas:

- It is a relief that Premier Ford was unharmed in the accident on the 401 in Pickering involving a reckless driver (age 18) from Oshawa on January 8, 2025 (Source: <https://toronto.ctvnews.ca/ontario-premier-doug-ford-uninjured-in-highway-401-collision-says-his-office-1.7168982>)
- In addition to tragic loss of life and injury, vehicle collisions cause higher auto-insurance rates, unwanted congestion, lost productivity, and significant costs associated with emergency response (police, fire, paramedics, hospital emergency rooms and healthcare);
- According to the OPP, there were more car collision-related deaths (**568**) on Ontario highways in 2023 than in any year since 2007, making it **the deadliest year in over 15 years** and "...it's so critically important that we understand the rules of the road and we share the road safely, responsibly and understand the consequences for making a bad decision can be deadly." (Source: <https://www.cbc.ca/news/canada/toronto/opp-number-fatalities-last-year-deadly-year-1.7204528>);
- That same year 26,425 were injured in vehicle collisions according to the MTO Preliminary 2023 Ontario Road Safety Annual Report (Source: <https://www.ontario.ca/files/2024-07/mto-orsar-preliminary2023-en.pdf>)
- As of Thanksgiving 2024, the OPP notes that **296** drivers, passengers, pedestrians and cyclists died in car collisions, and the vast majority of those road incidents were preventable and attributed to poor and careless actions and behaviours (Source: <https://barrie.ctvnews.ca/nearly-300-people-missing-from-thanksgiving-tables-opp-1.7070787>), one-fifth involving a transport truck (as at July 2024 Source: <https://www.baytoday.ca/local-news/one-fifth-of-fatal-collisions-in-2024-involve-transport-trucks-9177343>)
- 2024 is the most dangerous year for pedestrians and cyclists who have been particularly at risk this year, with fatalities in these two road user classes up 100 per cent and 82 per cent respectively over this time last year (Source: <https://www.mondaq.com/canada/rail-road-cycling/1565790/how-2024-has-quickly-become-the-deadliest-year-for-cyclists-and-pedestrians>);
- By far, the most common type of conviction of the Highway Traffic Act (HTA) and cause for fatalities was speeding, representing 60.4% of all HTA convictions (Source: <https://www.g1.ca/driving-statistics/>);
- Peel Region had 25 fatalities due to car collisions - 13 in Brampton and 12 in Mississauga;
- The most dangerous places to drive in Ontario are Brantford (0.7/5), Kingston (0.7/5), Burlington (0.8/5) and Brampton (1.1/5), which impacts road safety and insurance affordability for everyone in these communities (Source: <https://www.newswire.ca/news-releases/top-10-safest-and-most-dangerous-cities-to-drive-in-ontario-in-2024-889054846.html>);

MOTION: SAFER DRIVERS = SAFER ROADS, a call for the Provincial Government to act

Moved by: Santos

- From January to September 2024 the following traffic violation charges have been made by Peel Police:
 - 632 careless driving charges (345 in Brampton, a 25% increase compared to Jan-Sep 2023)
 - 559 cellphone use while driving charges (125 in Brampton, a 29% increase compared to Jan-Sep 2023)
 - 6,367 speeding charges (830 in Brampton, a 117% increase compared to Jan-Sep 2023)
 - 1,992 “Fail to Stop” at a stop sign charges (874 in Brampton, a 74% increase compared to Jan-Sep 2023);
- To mitigate speeding drivers, The City of Brampton has made historic investments in ASE cameras, an ASE processing centre, speed bumps, road diets, lower speed limits, police enforcement and other traffic calming measures, however like all municipalities, lacks jurisdiction over driver training and examinations, an area requiring urgent reform under the Provincial Government;
- Under the HTA, the Ministry of Transportation (Ministry) is responsible for protecting the public by restricting the privilege of driving to those who demonstrate that they have the necessary knowledge, skills and experience to drive safely;
- Ensuring that drivers receive appropriate and effective training and testing before they get a driver’s licence is a crucial step in keeping Ontario’s roads safe;
- The Auditor General (AG) conducted a value for money audit (AG Report) which includes 18 recommendations (**summary attached to this motion**) for the Provincial Government Ministry, published in December 2023 and concludes by highlighting:

“Our audit concluded that the Ministry of Transportation did not have effective evidence-based driver examination programs to evaluate and test novice drivers thoroughly and consistently. The Ministry did not provide effective oversight of novice driver training and driver examination service providers to ensure desired service outcomes with due regard to economy. Ministry oversight of driving schools and instructors was limited. It does not regulate driver training services outside of the optional Beginner Driver Education program, curbing its ability to identify and/or deter substandard training practices within the industry. In addition, the Ministry’s monitoring programs were not designed to proactively identify drivers with repeat suspensions or high-risk medical conditions, impeding the effectiveness of these programs to maximize road safety in Ontario. (Source Page 4: https://www.auditor.on.ca/en/content/annualreports/arreports/en23/AR_drivertraining_en23.pdf);

- In March 2024, CBC Marketplace broke an investigative story “Driving schools selling shortcuts to insurance discounts and faster road tests” where schools submit false information to government saying drivers completed 40 hours of training, consistent with concerning findings in the AG Report (Source: <https://www.cbc.ca/news/business/marketplace-driving-schools-education-fee-1.7134557>); and
- The provincial government has not provided a substantial update on any action taken regarding the recommendations in the AG Report to improve driver training and examination for safer drivers and improve safety on our roads.

MOTION: SAFER DRIVERS = SAFER ROADS, a call for the Provincial Government to act

Moved by: Santos

Therefore be it resolved that:

1. The City Brampton endorse the Auditor General Value-for-Money Audit Driver Training and Examination Report (AG Report) - its findings and 18 recommendations to ensure that we have safe and qualified drivers on our roads; and
2. The City of Brampton share this motion and endorsement with the Premier, Minister of Transportation, all local MPPs, and the leaders of the official opposition and third party; and
3. The City of Brampton request a formal update from the provincial government and meeting with the Minister of Transportation regarding any action taken to date based on the recommendations described in the AG Report, particularly those that prioritize improved driver training and examination for safer drivers on our roads; and
4. The City of Brampton forward this motion and attachment to any cities or towns listed in the AG Report and the top dangerous cities in Ontario, encouraging them to pass a similar motion; and CC them in the follow-up correspondence to the province; and
5. The City of Brampton forward this motion, attachment, and follow-up correspondence to the Region of Peel, Peel Police, the Association of Municipalities of Ontario (AMO), Driving Instructors Association, and Young Drivers of Canada.
6. Staff report back with data to identify road safety hotspots with the intention to use the data strategically with Peel Police to improve Brampton's status as a safe city to drive.
7. Staff report back on bylaw enforcement tactics regarding driving instructors as referenced on page 22 of the AG Report: "In some municipalities, such as Brampton, municipal bylaw officers patrolled test routes and issued fines to driving instructors who lingered around exam routes."
