As a resident of the area where amend the Official Plan and Zoning by-law, I would like to make a comment that the proposed plan will increase traffic of trucks and logistics equipment throughout the day and night. As our property is just adjacent to the street, it will create huge noise traffic and inconvenience at our property. Moreover, it will also create surroundings environment more polluted and create chemical smells around the property.

We As a resident strongly oppose the zoning amendment. It would be ideal to keep the zoning as residential or commercial at this stage. There has been a lot of residential construction in the surrounding area and we suggest retail complex and/ or big retail stores in the proposed development.

Thanks and regards,
Jay Desai
