Hello Mr. Yin,

I would like to raise a couple of my objections and suggestions

Objections

- 1) Safety Issue - Increase in Heavy duty vehicle traffic will make residential areas unsafe for the community
- 2) Environmental impact- Increase in smoke pollution, noise pollution will directly impact the health of residents of all ages.

Suggestions

- 1) This intersection (Mississauga Road and May field) touches 3 regions (Brampton, Caledon, Georgetown), we must develop it in such a way that supports communities living in these areas; Open Mall, big retail stores, community center, college for higher education, Hospital etc. not warehouses.

I love my city Brampton (Brampton Flower City) and I don't want the city to become (Brampton Warehouse City).

--

Thanks,
Yuvraj Verma
