Recommendations:

That application A-2024-0437 is supportable, subject to the following conditions being imposed:

1. That the extent of the variances be limited to that shown on the sketch attached to the Notice of Decision and Appendix "A";
 2. That the below grade entrance shall not be used to access an unregistered second unit;
 3. That drainage on adjacent properties are not impacted;
 4. That the owner implement planting to adequately screen the below grade entrance and minimize visual impact on the streetscape in a manner satisfactory to the Director of Development Services; and
 5. That failure to comply with and maintain the conditions of the Committee shall render the approval null and void.

Background:

Existing Zoning:

The property is zoned 'Residential Single Detached R1E- Section 11.6-247, according to By-law 270-2004, as amended.

Requested Variances:

The applicant is requesting the following variances:

1. To permit a proposed exterior stairway leading to a below grade entrance in a required side yard, whereas the by-law does not permit exterior stairways constructed below established grade in the required exterior side yard; and
2. To permit an exterior side yard setback of 3.61 metres to a proposed exterior stairway leading to a below grade entrance, whereas the by-law requires a minimum exterior side yard setback of 4.5 metres.

Current Situation:

1. Maintains the General Intent and Purpose of the Official Plan

The property is designated 'Residential' in the Official Plan and 'Low Density Residential 2' in the Credit Valley Secondary Plan (Area 45).

The subject property is designated as 'Community Areas' (Schedule 1A – City Structure) and 'Neighbourhood' (Schedule 2 – Designations) in the Brampton Plan. On May 16th, 2024, the Region of Peel formally issued a notice of approval with modifications for the City of Brampton's new Official Plan, known as the 'Brampton Plan.' The Plan was scheduled to take effect on June 6th, 2024, except for any sections that may be subject to appeal. Schedules 1A and 2 have been appealed on a city-wide basis and therefore the 2006 Official Plan designations are in effect until the appeal is resolved.

The requested variances are not considered to have significant impacts within the context of the Official Plan policies. Subject to the recommended conditions of approval, the requested variances are considered to maintain the general intent and purpose of the Official Plan.

2. Maintains the General Intent and Purpose of the Zoning By-law

Variances 1 is requested to permit an exterior stairway leading to a below grade entrance in the required exterior side yard, whereas the by-law does not permit exterior stairways constructed below the established grade in the required exterior side yard. Variance 2 is requested to permit an exterior side yard setback of 3.61 metres to a proposed exterior stairway leading to a below grade entrance, whereas the by-law requires a minimum exterior side yard setback of 4.5 metres. The intent of the by-law in prohibiting below grade entrances in the exterior side yard and requiring minimum setback is to ensure that the location of the entrance does not negatively impact the aesthetic of the overall streetscape, and that sufficient space is maintained for drainage and access to the rear yard.

The proposed location and configuration of the entrance will not affect access to the rear yard. Access to the rear yard will be maintained on either side of the dwelling and property. Engineering staff have reviewed the proposal and are of the opinion that drainage is not impacted. Furthermore, a condition is recommended that the owner implement planting to adequately screen the below grade entrance and minimize visual impact on the streetscape in a manner satisfactory to the Director of Development Services. Subject to the recommended conditions of approval, Variances 1 and 2 are considered to maintain the general intent of the Zoning By-law.

3. Desirable for the Appropriate Development of the Land

The requested variances are intended to facilitate the construction of a below grade entrance to be located within a required exterior side yard which is intended to be used as a primary entrance to a second unit within the dwelling. A condition of approval is recommended that the below grade entrance not be used to access an unregistered second unit to ensure that any second unit is constructed in accordance with the Ontario Building Code. Staff do not anticipate any negative impacts to drainage or access to portions of the property and consider the location of the below grade entrance appropriate given the site context. The below grade entrance will be screened by proposed vegetation as shown on the revised site plan.

Subject to the recommended conditions, the requested variances are considered to be desirable for the appropriate development of the land.

4. Minor in Nature

The requested variances are intended to facilitate a below grade entrance to a secondary unit within the exterior side yard of a residential property. The location of the entrance does not present any concerns with regards to drainage for the subject property or adjacent properties, the visual impact on streetscape, and it maintains sufficient space to the rear yard. Subject to the recommended conditions of approval, the variances are considered to be minor in nature.

Respectfully Submitted,
