Regarding application for minor variance

Section 45 of the planning Act. R.S.O. 1990 c.P.13

Hi I live in [8 Glengrove Ct, Brampton, ON L6S 1Z3, Canada](#) my name is Dinora Roca I been living here over 15 years.

I totally disagree with this. If the law has already its standards why they are trying to build it. From my point of view is gonna block my view. I think a lot of people are living in that house # 2, because I saw a Uhaul truck moving around 3:00 AM. If they have nothing to hide why to move at 3:00 AM. As well the look of my street it will change significantly.

I DON'T AGREE with the garden suite.

I spoke with other neighbors and they don't agree either.

Please take into consideration my voice. I always pay on time my property taxes.

If they are a bit over the measurements this application should be denied.

Thank you

Dinora Roca
