Good evening,

I would like to attend the online meeting related to the above mentioned application number.

I hereby consent to post my correspondence on the agenda.

My comments:

The property where this garden suite is planned to be built belongs to three partners. None of them lives on the said property.

The current house is rented on a daily basis to new immigrants, students and sometimes a rest stop for drivers.

It looks more like a hotel than a house.

The vehicles parked on the road is a nuisance. More specifically with the amount of snow we had recently.

I would like to know what kind of permit has been allocated to the owners.

With the garden suite, that means more people on the property. More vehicles parked on the road and in and out of the area. Handling of garbage.

I have real concerns regarding security issues, the area being a residential area with mostly families as well as environmental.

Thank you.
