I have no choice but issue this email as a withdrawal letter to cancel our application for minor variance as the matter has been resolved and we have now applied for building permits which is in progress .

Our agent and architect Kishor Bhattarai is out of the country and will not be back before the end of this week.

Please let us know if it's cancelled as emailed by our architect earlier today and how to proceed for a refund .

We await your response and confirmation.

Thanking you,

Yours sincerely,

Jose J Puthenparampil
