[REDACTED] [REDACTED]

Hi Gagandeep, in regards to City File OZS-2024-0062, as a resident of [REDACTED], I am totally against having any residential condo or townhomes built in our neighbourhood along with any further commercial plazas. Our neighbourhood is already congested and this will just increase this and cause further frustration for the existing residents. In addition, traffic on Countryside is a nightmare as you already have many erratic and dangerous drivers. By adding condos and townhomes we are just going to make this issue even worse.

I authorize you to publish my comment above.

Thank you.

Navdeep Dhami
